29-0-5
Net Wt 15 lb (6.8 kg)
Schultz® Phosphorus Free Weed & Feed is formulated with Polymer Coated Urea as the source of controlled-release nitrogen providing your lawn with consistent, even feeding of nitrogen for up to 6 months. Benefits include:

- **Quick Green-Up**
- **Low Burn Potential**
- **Heavy Rutting & Leaching**

**GUARANTEED ANALYSIS**

Total Nitrogen N: 29.0%
Soluble Phosphorus P₂O₅: 0.5%

**Garden Analysis**

- **9772**

**WHEN TO APPLY:**

- Apply when broadleaf weeds are actively growing in spring through fall.
- Apply while the soil temperature is above 50°F to ensure maximum coverage and avoid spreading granular into flowers, vegetables, and ornamentals.
- Avoid applying when temperatures are consistently above 90°F or when rain is forecast in the next 2 days after application. This treatment is a thorough weed killer for your lawn.

**APPLICATION INSTRUCTIONS**

- Read entire label before use. Keep out of reach of children.
- Thoroughly mix the product with water before application.
- Apply with a broadcast spreader to provide uniform coverage.
- Apply at a rate of 1 pound per 1,000 square feet.
- Calibrate the spreader to ensure uniform coverage.
- Apply at a rate of 1 pound per 1,000 square feet.

**PRECAUTIONARY STATEMENT**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Causes irreversible tissue damage. Avoid contact with eyes, mouth, and skin. Wash thoroughly with soap and water after handling.

**ENVIRONMENTAL HAZARDS**

This product is biodegradable and leaves no residual effects. It can be applied on lawns and ornamentals. Apply this product to ornamental grasses that are resistant to this product; otherwise, apply it to ornamental grasses that are resistant to this product.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in an unsafe manner or without reading the label.

**INSTRUCTIONS**
