BLACK ALGAE TREATMENT

For Treatment of Black Algae
Slow Dissolving

KEEP OUT OF REACH OF CHILDREN

DANGER

See back panel for other precautions

FIRST AID: Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor. If in EYES: Hold eye open and rinse slowly and gently with water for 15-30 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing for at least 15 minutes. Get medical help if irritation persists. If on CLOTHES: Remove all contaminated clothing. Wash clothing before using again. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or 0. If breathing, do not give anything by mouth. DO NOT induce vomiting unless told to do by the poison control center or doctor.

Probable mucosal damage may contaminate the use of gastric lavage.

For Treatment of Black Algae
Slow Dissolving
Storage and Disposal:

CONTAMINATION OR DECOMPOSITION, do not reuse container. In case of contact with眼睛, wash eyes with large volume of water. IN CASE OF FIRE, use dry chemical or carbon dioxide extinguishing agent. WILL BURN PHYSICAL OR CHEMICAL HAZARDS: This product is toxic to fish and aquatic organisms.

ENVIRONMENTAL HAZARDS: Prevents overconsumption of chlorine and excess input of chlorine to the pool.

DANGER: Corrosive. Causes irreversible eye damage and skin burns. May be hazardous to humans and domestic animals.

Precautionary Statements:

EMERGENCY RESPONSE: Call 911 or local poison control center. Place in a cool, well-ventilated area away from heat or open flame. In case of decomposition, ventilate the area. Do not inhale the fumes. Take off contaminated clothing and wash skin with soap and water.

FIRST AID MEASURES: Get medical help immediately. KEEP THE PRODUCT out of eyes, mouth, and reach of children.

Inhalation:

Get medical help immediately. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Avoid breathing dust or fumes.

Ingestion:

Do not induce vomiting. Give at least one full glass of water. See instructions above.
