LONZABAC® 12
FOR MANUFACTURING-USE ONLY

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER
Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Do not breathe vapor. Wear a respiratory with a organic vapor cartridge and a HE filter. Pour over the skin or on clothing. Wear goggles, face shield, or safety glasses, protective clothing and chemical-resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, allowing gum on clothing or using your hands. Remove contaminated clothing and washing clothing before reuse.

ENVIRONMENTAL HAZARDS
This pesticide is highly toxic to birds, fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, aquifers, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit. Discharge effluent containing this product is not subject to any federal, state, or local regulations that prohibit the disposal of effluent containing this product. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For formulations intended as antimicrobial disinfectants for use on hard, non-porous surfaces in buildings and office buildings, halls, schools, libraries, hospitals, bakeries, restaurants, convenience stores, public restrooms, animal laboratories, pet shops and factories. Lonzabac 12 can also be used to formulate products used to control antimicrobial contamination in all field water systems and wastewater systems.

Formulators using this product are responsible for providing data for the EPA registration of their formulated products.

FOR HELP IN A CHEMICAL EMERGENCY CALL CHEMTREC 800-424-9300. BEFORE USING CONSULT MATERIAL SAFETY DATA SHEET

HEALTH FLAMMABILITY REACTIVITY

UN2922 CORROSIVE LIQUID, TOXIC, N.O.S. (3-AMINOPROPYL) OLEYLAMINE

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE
Store upright in original container and place in a locked storage area inaccessible to children. Do not reuse empty container.

PESTICIDE DISPOSAL:
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or rinseate is a violation of Federal Law. If these pesticides cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL:
Non-concurrent users shall dispose of this container.

Plastic (and Metal Containers): Triple rinse as follows: Empty the remaining contents into application equipment or a muck tank. Fill the container to full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinseate into application equipment or a muck tank or store rinseate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in necessary landfill. If not triple rinsed, these containers are acutely hazardous wastes and must be disposed in accordance with local, state and federal regulations. DO NOT cut or weld metal containers.
