Kills 99.9% of Viruses & Bacteria

CLOROX®

4 in ONE Disinfecting Spray
QUICK IN ONE Step
1 Disinfects in One Step
2 Reduces Allergens*
3 Sanitizes the Air
4 Sanitizes Fabrics

- One-step disinfecting
- No pre-treating required
- Kills odor-causing bacteria
- Fresh citrus scent

- Sanitizes fabric and air
- Reduces allergens*

Great for use around the home:
Doozers and Disinfects hard, nonporous surfaces
Garbage Cans • Bathrooms • Stairs • Doorways • Light Switches
Countertops • Slap Pads • Slap Changing Tables • Gyn Equipment
Sanitizes soft surfaces
Couches • Linens • Fabrics • Upholstery • Rugs • Mattresses

CITRUS SCENT: It is a variation of the lemon family. It is the product in a manner consistent with its natural origin, but not as a fragrance directed, directly.

*To reduce Allergens: Spray surfaces thoroughly and allow to dry.

**To Sanitize the Air: Close doors and windows. Ventilate rooms with adequate airflow.

**To Sanitize the Air: Sanitize hard, non-porous, nonporous and non-flammable surfaces. Spray until it is DRY and STOP SPRAYING. Let stand for 30 minutes. Allow paint to dry thoroughly. Reopen windows and spray as needed.

PRECAUTIONS:
- Wash hands after use. Wear rubber gloves to protect skin.
- Do not spray near electrical equipment or on hot surfaces.
- Do not use on polished, painted, or glazed surfaces.
- Avoid contact with eyes, mouth, or broken skin.
- Keep out of reach of children.
