DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.
DO NOT HANDLE THIS PRODUCT WITH BARE HANDS. USE GLOVES OR THOROUGHLY CLEAN, DRY UTENSILS.

DAILY

Adjust the chlorine dispensing rate of the floater or in-line feeder to provide 2.0-4.0 ppm of free chlorine residual as determined by a reliable test kit. The initial startup and weekly maintenance dosage is 1 to 3 tablets per 10,000 gallons although this dosage may vary due to unusual conditions such as heavy bather loads, varied bath times, and high temperatures. Therefore, frequent use of a reliability test kit is recommended. Use the test kit as a guide to maintain the pH at 7.4-7.6 and total alkalinity at 80-130 ppm. Pool chlorinating tablets are intended for use in a floater or in-line feeder only. Do not add these tablets directly to the pool or mix with any other chemicals.

Precautionary Statements
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

CORROSIVE: Causes irreversible eye damage and skin burns. May be fatal if absorbed through the skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or smoking tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARD. This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a Pollution Discharge Elimination System (PDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewage systems without prior notification to the sewage treatment plant authority. For guidance, contact your State Water Board, Regional Office of EPA or the EPA.

CHEMICALS HAZARDS: DANGER: STRONG OXIDIZING AGENT. Use only clean, dry utensils. Mix only with water. Contamination with moisture, dirt, organic matter, or other chemicals (including other pool chemicals), or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. Avoid any contact with flames or burning material, such as cigarettes. Do not use or store this product with any other product or chemical, such as calcium hypochlorite. Such use may cause fire or explosion.

STORAGE AND DISPOSAL

STORAGE: Keep product dry in a tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flames. Do not reuse or re-fill empty container.

DISPOSAL: If empty, Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling, if available. If you have any questions, call our Customer Service at 1-800-255-3924.

PREPARATION AND USE

POOLS: Use only the recommended rate of this product. Follow all precautions and instructions on the label. Keep the product container or label with you when calling a poison control center or doctor, or going for treatment. This product is subject to labeling change without notice. If contact occurs, immediately flush with water for 15 minutes. If irritation persists, rinse eyes for an additional 15 minutes.

FIRMS: Use only in a floater or in-line feeder. Use the test kit as a guide to adjust the dosage rate. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a Pollution Discharge Elimination System (PDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewage systems without prior notification to the sewage treatment plant authority. For guidance, contact your State Water Board, Regional Office of EPA or the EPA.
