K-TONE
NONIONIC SURFACTANT AND ANTIFOAMING AGENT

 Principal Functioning Agents
 Alkylphenol ethoxylate, 2-butoxyethanol, butyl alcohol...................... 90%
 Constituents ineffective as spray adjuvant......................................... 10%
 TOTAL..............................................................................................100%

 Ingredients are exempt from a tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN
WARNING/AVISOS

Precautionary Statement
Causes substantial but temporary eye injury. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear protective eyewear (goggles or face shield), chemical-resistant gloves, long-sleeved shirt and long pants, shoes plus socks when mixing or applying K-TONE.

Refer to back label for First Aid statements.

 Storage and Disposal
 Do not contaminate water, food, or feed by storage or disposal.
 Storage: Store above 32º F. Store away from heat or open flame and oxidizing materials.
 Disposal: Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

K-TONE

Directions for Use
K-TONE is intended for use with pesticides that are labeled for agricultural and non-agricultural uses.

K-TONE can be used with most insecticides, fungicides, herbicides, defoliants and desiccants, to improve performance of the active spray ingredients.

Use Rates
Some pesticide labels recommend a higher or lower surfactant use rate for optimum efficacy. Follow the pesticide label directions when this occurs.

Acaricides, Fungicides, Insecticides: Use 2 to 32 fluid ounces per 100 gallons of spray. The higher rate should be as recommended on the pesticide manufacturer's label.

Herbicides, Defoliants, Desiccants: Use 6 to 48 fluid ounces per 100 gallons of spray for most application. The application rates should be as recommended on the herbicide manufacturer's label.

Aquatic Use Rates: K-TONE may be used with aquatically labeled products that recommend use of a nonionic surfactant or wetting agent, use at 32 to 64 fluid ounces per 100 gallons of spray solution. The application rates should be as recommended on the herbicide manufacturer’s label.

Not for aquatic use in the state of Washington.

Plant Growth Regulator (PGR): Follow instructions on PGR pesticide label for adjuvant use surfactant. If no recommendation appears on PGR label, conduct a jar test to confirm compatibility, and spray a test sample on targeted crop to confirm crop safety, prior to large scale use. A use rate of 16 to 32 fluid ounces per 100 gallons of spray solution is recommended.

Backpack or Hand-Held Sprayers: Use 1 to 2 tablespoons (0.5 to 1 fluid ounce) per 1 gallon of spray. The application rates should be as recommended on the manufacturer’s label.

Livestock Sprays: Use 4 to 8 fluid ounces per 100 gallons of spray.

Soil Sterilants: Use 1% of total spray.

Tank Mixing
Add K-TONE last to the spray tank during agitation unless instructed otherwise by pesticide label.

First Aid
If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor immediately for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then, if possible, give artificial respiration, preferably by mouth-to-mouth. Call a poison control center or doctor immediately for treatment advice.

CONDITIONS OF SALE – LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES
Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of West Central, the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment.

The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at West Central’s election, one of the following: 1. Refund of the purchase price paid by buyer or user for product purchased, or, 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer or user for product purchased, or, 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer or user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
