CiDeholST

(Gamma Irradiated)
For Use in Clean Rooms and Controlled Areas
Hard Surface Disinfectant

Active ingredients:
Isopropyl Alcohol CAS# 67-63-0 .............. 70.0%

Other ingredients:
*Water .................................. 30.0%

Total: .................................. 100.0%

*USP Water for injection

KEEP OUT OF REACH OF CHILDREN
DANGER – FLAMMABLE

Keep away from heat or open flame.
Store at room temperature below 48.8° C (120° F)
See other panel for first aid and additional precautions

US EPA Reg. No.: 56753-1
US EPA Est. No.: 67612-PA-001

**FIRST AID**

If in eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye.
- Call poison control center or doctor for treatment advice.

If swallowed:
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or Doctor.
- Do not give anything to an unconscious person.

If inhaled:
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call poison control center or doctor for treatment advice.

If on skin or clothing:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call poison control center or doctor for treatment advice.

Have product container or label with you when calling poison control or doctor, or going for treatment. For emergency information on Cidehol® PST, call the National Pesticide Information Center at 1-800-929-7878, 6:30-4:30 pm Pacific time (PT), seven days a week. During other times, call the poison control center 1-800-222-1222.

**PRECAUTIONARY STATEMENTS**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Causes irreversible eye damage. Harmful if swallowed or inhaled. Do not get in eyes or on clothing. Avoid breathing vapor or spray mist. Avoid contact with skin or clothing. Wear protective eyewear such as goggles or face shield, protective clothing and chemically resistant gloves. Wash thoroughly with soap and water after handling, before eating, drinking, chewing gum or using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS: FLAMMABLE Liquid and vapor. Keep away from heat or open flame. Exposure to temperatures above 48.8°C (120°F) may cause bursting. Do not mix this product with other chemicals including: acids, oxidizing materials, combustible materials, halogenates, peroxides, bases and metal salts.

DIRECTIONS FOR USE

Read the label before using

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is NOT to be used as a terminal sterilant/high-level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semicritical medical devices prior to sterilization or high-level disinfection.

USE: Disinfects and sanitizes clean rooms and controlled areas such as those used in healthcare institutions, biohazardized, pharmaceutical, medical device and diagnostic manufacturing facilities. Use on hard impervious inanimate surfaces in anoplic filling and growing rooms, general manufacturing areas, or on machinery, tables, counters, laminar flow benches, floors, walls, carts, shelves made of hard, impervious materials such as glass, plastic, vinyl, chrome, and stainless steel. It is compatible with most hard surface materials.

DISINFECTION: Use this product while wearing personal protection. Wear protective eyewear such as goggles or face shield, protective clothing and chemically resistant gloves. Use with adequate ventilation and spray away from eyes and face. Cidehol® PST is ready to use. Do not dilute. Precision surface or item of heavy soil or gross fifth surface application. Hold container upright 6-8 inches from surface. Spray product on surface and allow to remain wet for a minimum of 10 minutes. Allow surface to air dry, or after 10 minutes wipe dry with sterilized cloth, wipes, if needed.

Cidehol® PST is bactericidal. The results of ADAC Efficacy Tests show that Cidehol® PST is an effective hard surface disinfectant against Pseudomonas aeruginosa (ATCC 15442), Serratia marcescens (ATCC 27853), and Salmonella enterica (ATCC 10708), in the presence of 5% fetal bovine serum organic load in 10 minutes.

SANITIZATION: Use 5 minute contact time on hard, impervious surfaces (made from stainless steel, glass, Corian™, laminate flooring, aluminum, pc, mild steel, polymers), in isolators, clean rooms, sterile and controlled areas, growing rooms and on process lines, gloves, work surface, tools and equipment.

Cidehol® PST is an effective sanitizer on inanimate, non-food contact surfaces against Staphylococcus aureus (ATCC 6538) and Enterobacter aerogenes (ATCC 13048) in the presence of 5% fetal bovine serum organic load in 5 minutes.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal

Storage: Store in the original container in a dry cool place below 48.8°C (120°F).

Disposition: Pesticide waste are usually hazardous. Improper disposal of excess pesticide, spray mixture or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to labeled instructions, contact your State Pesticide or Environmental Control agency, or the Hazardous waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Non-recyclable container. Do not reuse this container to hold materials other than pesticides or allied products. Rinse container thoroughly before recycling. Place from proper accordance with local hazardous waste regulations.

Follow federal, state and local regulations regarding disposal of pesticide containers. Follow pesticide disposal instructions. If any of the rinse materials are used, they must be disposed of in accordance with local, state and federal regulations.
