FIRST AID

If in eyes
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If inhaled
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call poison control center or doctor for treatment advice.

If on skin or clothing
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 - 20 minutes.
- Call a poison control center or doctor for treatment advice.

If swallowed
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything to an unconscious person.

Have product container or label with you when calling poison control or doctor, or going for treatment.

For emergency information on Sanihol® PdS, call the National Pesticide Information Center at 1-800-658-7378, 6:30 - 4:30 am Pacific time (PT), seven days a week. During other times, call the poison control center: 1-800-222-1222.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes moderate but temporary eye injury. Harmful if absorbed through the skin or inhaled. Do not get in eyes, skin, or on clothing. Avoid breathing vapor or smoke mix. Wear goggles or safety glasses and chemically resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco and or using the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS: FLAMMABLE liquid and vapor. Vapor may cause flash fire. Keep away from heat, sparks, direct sunlight, and open flame. Do not mix this product with other chemicals including: Acids, oxidizing materials, combustible materials, halogens, peroxides, bases and metal salts.

DIRECTIONS FOR USE

Read the label before using.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is NOT to be used as a terminal sterilizing/disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semicritical medical devices prior to sterilization or high-level disinfection.

USE: Disinfects and sanitizes clean rooms and controlled areas such as those used in healthcare institutions, pharmaceutical, pharmaceutical, medical devices and diagnostic manufacturing facilities. This product may be used to disinfect non-food contact, non-porous, inanimate, hard surfaces in areas such as: spavaged floors and sleeping areas; general manufacturing areas; and laboratories. It may be used on surfaces, such as: machinery, tools, tables, counters, laminated-wood benches, floors, walls, cars, shelves made of hard non-porous materials, such as: glass, plastic, vinyl, chrome, and stainless steel. It is compatible with most hard surface materials.

DISINFECTION: Wear personal protection such as eye protection goggles or face shield. Wear chemical-resistant gloves. Use with adequate ventilation and stay away from eyes and face. If you experience eye watering, headaches or dizziness, discontinue oversaturating and inhaling fumes. Sanihol® PdS is ready to use. Do not dilute. Pre-clean surface or item of heavy soil or gross film before application. Hold can upright 6-8 inches from surface. Thoroughly wet surface with Sanihol® PdS and allow to remain wet for a minimum of 10 minutes. Allow surface to air dry, or after 10 minutes wipe dry with sterilized cloth, filters, if needed. Do not replace excess product into original container after use or after removal from original container, even if it was not used.

Sanihol® PdS is bactericidal. The results of ADAC Efficacy Tests show that Sanihol® PdS is an effective hard surface disinfectant against Pseudomonas aeruginosa (ATCC® 15442) and Staphylococcus aureus (ATCC® 6538) in the presence of 5% fetal bovine serum organic load in 10 minutes.

SANITIZATION: Follow all disinfection directions and allow to remain wet for a minimum of 5 minutes.

Sanihol® PdS is an effective sanitizer on inanimate, hard non-food contact surfaces against Staphylococcus aureus (ATCC® 6538) and Enterobacter aerogenes (ATCC® 33078) in the presence of 5% fetal bovine serum organic load in 5 minutes.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in the original container in a dry cool place below 40.8°C (105° F)

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Disposal: Non-refillable container. Do not reuse or refill this container. Do not puncture container and do not incinerate container. Offer for recycling, or dispose of in a sanitary landfill.

Regent Alcohol: Specially Denatured Alcohol Formula 3A 95 parts by volume and isopropyl alcohol 5 parts by volume.
