Dispersing Granule Technology

- Broad spectrum and systemic disease control and suppression for turf
- Dispersing granule fungicide
- Easy to spread formula

Active Ingredients:
Propiconazole 0.72G 6,78%, Diclorvos 1.12%, Dibutyltin Dicarbamate 0.44%
Other Ingredients: 1.00%
Total: 8.58%

FIP Reg. No. 916G-219
EPA Epo. No. 916G-219

KEEP OUT OF REACH OF CHILDREN
WARNING/AVISO
If used as directed to label, however, it does not pose an injury risk to persons following label directions. If you do not understand the label, first someone to explain it to you in detail.

Precautionary Statements
Hazard to Humans and Domestic Animals
Warning
Caution: Subject to local temperature and humidity. Harmful if swallowed, absorbed through skin or inhaled. Molded or frequently replaced skin contact may cause allergic reactions in some individuals. Wear goggles or face shield. Avoid contact with skin, avoid breathing dust. Do not get into eyes or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment
Applicators and other handlers must wear:
- Long-sleeved shirts and long pants
- Chemical-resistant gloves made from any waterproof material
- Shoes that protect
- Goggles or face shield

Follow manufacturer’s instructions for cleaning and maintaining PPE. If you make instructions for washables, use detergent and hot water. Keep and repeat PPE separately from other laundry.

User Safety Recommendations
- Stop work immediately. 
- Confirm the product to DG Pro.
- Remove clothing immediately. 
- Call a poison control center or doctor for treatment advice.

Environmental Hazards
This product is toxic to fish. Do not apply directly to water, to areas where surface water is present, or to any tributary or any below the treated material. Do not contaminate water when disposing of equipment waste. Do not apply near water or to any watercourse.

FIRST AID
If in eyes: Remove contact lenses (if worn) and flush with large amounts of cool water for 15-60 minutes. Remove contact lenses (if worn) and flush with water for at least 15 minutes. Do not use drops, ointments, or any oils.

If swallowed: Call a poison control center or doctor for treatment advice. If person is breathing, give air. If not breathing, give artificial respiration. Do not administer stimulants. If skin contact or eye irritation develop, wash with large amounts of cool water for at least 15 minutes. Use soap and warm water.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance. If patient is breathing, give artificial respiration, preferably mouth-to-mouth (if possible). Call a poison control center or doctor for treatment advice.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

**AGRICULTURAL USE REQUIREMENTS**

Use this product only as directed on the label and with the Worker Protection Standard 40 CFR part 190. This document contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency response. It also contains specific instructions and exceptions pertaining to the use of the material so that it is effective and economical.

The requirements in this book apply only to use of this product that is covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the dustless entry interval (DEI) of 12 hours.

PPE required by each entry treated area that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water. In general, clothing and shoes should be cleaned, washed, and disinfected daily as needed. This list is not all inclusive. Consult your local health department or authority for information not listed in this booklet.

**NON-AGRICULTURAL USE REQUIREMENTS**

This booklet applies to the use of this product that are not within the scope of the Worker Protection Standard for pesticide applicators (40 CFR part 170). The Worker Protection Standard applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. The use of this booklet is not required by the Worker Protection Standard.

Storage and Disposal

Do not contain packing material, water, food or feed by allowing or disposal. Place storage: Store in a clean, dry secure place. Pesticide residues are toxic to the environment. Do not dispose of or apply in the same location, field, or within 300 feet of any water, except for use on vegetable crops covered by a pest and phytosanitary quarantine.

**PESTICIDE DISPOSAL**

Pesticide labeled with the symbol of a Pesticide Disposal Notice.

Improper disposal is a violation of Federal law. Pesticides, mixtures, or equipment rinse water that cannot be chemically reprocessed must be disposed of in accordance with local Federal, state and local procedures. Contact your state health department or environmental conservation agency to ensure that pesticide waste is disposed of properly.

**CONTAINER DISPOSAL**

Nonrefillable container. Do not return or refill this container. Offer for recycling if available. Compost empty bag in an application equipment. Do not reuse empty bags in a sanitary landfill or incinerator, or if allowed by state and local authorities, by burning when burned, may cause smoke or fires.

**General Information**
