X-CELERATE

X-CELERATE is a non-foaming wetting agent that drastically reduces surface tension on water and chemicals. X-CELERATE eliminates potential problems for farmers. It allows pesticides that are naturally water resistant to bond and stay mixed thoroughly. X-CELERATE allows the surface tension to break and the chemical applied penetrates much more effectively. X-CELERATE is non-toxic and biodegradable.

DIRECTIONS FOR USE
(NOT FOR AQUATIC USE)

AGRICULTURE

Fertilizing
1/2 pints
1:1600-400

Pesticides
1-3 Pints
1:800-400

Herbicides
1-3 Pints
1:800-400
