SEE NEXT PAGE FOR PRECAUTIONARY STATEMENTS
DISCLAIMER: Read the entire Label including this Disclaimer, Risks of Using This Product, Limited Warranty, and Limitation of Liability.

IMPORTANT: Read the entire Label including this Disclaimer, Risks of Using This Product, Limited Warranty, and Limitation of Liability before using this product. If the terms are not acceptable THEN DO NOT USE THE PRODUCT; rather, return the unopened product within 15 days of purchase for a refund of the purchase price.

RISKS OF USING THIS PRODUCT
The Buyer (as referred to collectively herein as “Buyer”) of this product should be aware that there are inherent unintended risks associated with the use of this product which are impossible to eliminate. These risks include, but are not limited to, injury to plants and crops to which this product is applied, loss of control of targeted pests or weeds, resistance of targeted pests or weeds to this product. Such risks of crop injury, non-performance, resistance or other unintended consequences are unavoidable and may result because of such factors as weather, soil conditions, disease, moisture conditions, irrigation practices, condition of the crop at the time of application, presence of other materials either applied in the tank mix with this product or prior to application of this product, cultural practices or the manner of use or application, (or a combination of such factors) all of which are factors beyond the control of the Buyer. The Buyer should be aware that these inherent unintended risks may reduce the harvested yield of the crop in all or a portion of the treated acreage, or otherwise affect the crop such that additional care, treatment and expense are required to take the crop to harvest. If the Buyer chooses not to accept these risks, THEN THIS PRODUCT SHOULD NOT BE APPLIED. By applying this product Buyer acknowledges and accepts these inherent unintended risks AND AGREES THAT TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, RISKS ASSOCIATED WITH THE APPLICATION AND USE ARE ASSUMED BY THE BUYER.

To the extent consistent with applicable law, Valent shall not be responsible for losses or damages (including, but not limited to, loss of yield, increased expenses of farming the crop or such incidental, consequential or special damages that may be claimed) resulting from the use of this product in any manner not set forth on the label. To the extent consistent with applicable law, Buyer assumes all risks associated with the use of this product in any manner or under conditions not specifically directed or prohibited on the label.

LIMITED WARRANTY
Valent warrants only that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the label, under average use conditions, when used strictly in accordance with the label and subject to the Risks of Using This Product as described above. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, EXCEPT AS SET FORTH ABOVE, VALENT MAKES NO OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED. No agent or representative of Valent or Seller is authorized to make or create any other express or implied warranty.

LIMITATION OF LIABILITY
To the extent consistent with applicable law, Valent or Seller shall not be liable for any incidental, consequential, indirect or special damages resulting from the use or handling of this product. The limitation includes, but is not limited to, loss of yield on all or any portion of the treated acreage, increased care, treatment or other expenses required to take the crop to harvest, increased finance charges or altered finance ratings, emotional or mental distress and/or exemplary damages. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE BUYER, AND THE EXCLUSIVE MAXIMUM LIABILITY OF VALENT OR SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT OR, AT THE ELECTION OF VALENT OR SELLER, THE REPLACEMENT OF THE PRODUCT. PROMPT NOTICE OF CLAIM
Valent must be provided notice as soon as Buyer has reason to believe it may have a claim, but in no event later than twenty-one days from date of planting, or twenty-one days from the date of application, whichever

HOT LINE NUMBER
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 800-892-0099 for emergency medical treatment information.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Workers loading product, treating seed and conducting maintenance and calibration of the treater must wear:
- long-sleeved shirt, long pants, socks and shoes, and chemical-resistant gloves made of any waterproof material.
- Workers involved with handling treated seed (such as baggers, sewers and bag stackers) must wear:
  - long-sleeved shirt, long pants, socks and shoes.
- Workers who load and plant treated seed must wear:
  - long-sleeved shirt, long pants, socks and shoes and chemical-resistant gloves made of any waterproof material when handling treated seed.
- Follow the manufacturer’s instructions for cleaning/main- taining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS
Users should:
- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to aquatic invertebrates, oysters, and shrimp. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waterbodies unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

Do not apply this product in a way that will contact work- ers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS
Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about Personal Protective Equipment (PPE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard (WPS).

Do not enter or allow worker entry into treated areas during the Restricted Entry Interval (REI) of 12 hours.

Exception: Once the seeds are planted in soil, the WPS, under certain circumstances, allows workers to enter the treated area without restriction if there will be no worker contact with the soil subsurface or treated seed.

PPE required for early entry to treated areas that is permitted under the WPS and that involves contact with anything that has been treated, such as plants, soil, water, is: long-sleeved shirt and long pants, socks and shoes, and chemical-resistant gloves made of any waterproof material.
INTEGO Solo Fungicide contains ethaboxam, which is a Group 22 fungicide as classified by the Fungicide Resistance Action Committee (FRAC). Its mode of action is the inhibition of cell division.

**SEED QUALITY AND STORAGE OF TREATED SEED**
Seed treatments applied to low vigor or poor quality seed or to mechanically damaged seed may result in loss of seed germination or reduced seedling vigor. To verify seed quality, treat a small portion of seed with the desired slurry mixture (INTEGO Solo Fungicide alone or in combination with other commercial seed treatment products) prior to treatment of an entire seed lot. Utilize standard seed germination methodologies to determine and verify seed safety. Use proper storage conditions for treated seed. Due to seed quality and seed storage conditions beyond the control of Valent U.S.A. Corporation, no claims are made to guarantee the germination of carry-over treated seed.

**SEED BAG TAG**
The Federal Seed Act requires that bags containing treated seed be labeled or tagged with the following information:
- This seed has been treated with INTEGO Solo Fungicide containing ethaboxam.
- Do not use for feed, food or oil processing.
- This seed may be double-sown around the headland or buried away from water sources in accordance with local requirements.
- Do not graze or feed soybean forage and hay to livestock.

**APPLICATION INSTRUCTIONS**

**COMMERCIAL TANK MIXES**
Notice: Commercial tank mixing or use of this product with any other product which is not specifically and expressly authorized by the label shall be the exclusive risk of user, applicator and/or application advisor. Read and follow the entire label of each product to be used in the commercial tank mix with this product.

**INTEGO Solo Fungicide**
Solo Fungicide: prior to application. This product in the desired seed slurry mixture, prior to application to seed. Pre-test tank mixtures with other seed treatment products to evaluate formulation compatibility and to ensure proper physical compatibility of products. Follow the most restrictive limitations and precautions on labels of all products used in a seed treatment mixture. Do not tank mix with any products which contain a prohibition on tank mixing.

**APPLICATION DIRECTIONS**
Accurate application of INTEGO Solo Fungicide to seed is required for best performance. Thoroughly mix INTEGO Solo Fungicide in the desired seed slurry mixture, prior to application to seed. Pre-test tank mixtures with other seed treatment products to evaluate formulation compatibility and to ensure proper physical compatibility of products. Follow the most restrictive limitations and precautions on labels of all products used in a seed treatment mixture. Do not tank mix with any products which contain a prohibition on tank mixing.

The following table provides use rates of INTEGO Solo Fungicide by labeled crop, with disease protection guidelines.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

#### PESTICIDE STORAGE

Keep pesticide in original container.

Store in a dry place away from excessive heat.

Do not store near food or feed.

Do not put pesticide into food or drink containers.

Not for use or storage around the home.

To close package, replace and tighten cap to form an airtight seal.

#### PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

#### CONTAINER HANDLING

Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Add water – at least 2% of the container volume, and up to 1/3 of the volume of water needed to make the proper slurry composition with a maximum of 1/4 of the container volume – and recap. Shake for 30 seconds. Pour rinsate into a rinsate collection system for disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling, if available, otherwise dispose of in a sanitary landfill or by incineration, if allowed by State and local authorities.

PRECAUTIONARY STATEMENTS

CAUTION

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Workers loading product, treating seed and conducting maintenance and calibration of the treater must wear: long-sleeved shirt, long pants, socks and shoes, and chemical-resistant gloves made of any waterproof material.

Workers involved with handling treated seed (such as baggers, sewers and bag stackers) must wear: long-sleeved shirt, long pants, socks and shoes.

Workers who load and plant treated seed must wear: long-sleeved shirt, long pants, socks and shoes and chemical-resistant gloves made of any waterproof material when handling treated seed.

Follow the manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Users should:
• Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
• Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
• Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic invertebrates, oysters, and shrimp. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

Agricultural Use Requirements

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. Refer to booklet under “Agricultural Use Requirements” in the Directions for Use section for information about this standard.

For complete directions for use, disclaimer and storage and disposal see booklet.

DIRECTIONS FOR USE

When using Solo Fungicide, use this product in a manner consistent with its labeling. READ ENTIRE LABEL. USE EXACTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any exemptions required to your State or Tribe, contact the State or Tribal agency responsible for pesticide regulations.

USER-SAFETY RECOMMENDATIONS

- Read and follow all precautionary statements on the label for proper use. They are not just suggestions.
- Store and handle in accordance with the label. Use only in well-ventilated areas. Do not eat, drink or smoke when using this product. Do not apply when there is a chance of rain. Do not contaminate water, food or feed by either accidental or intentional application.

USER-SAFETY RECOMMENDATIONS

- Store in a dry, cool, and well-ventilated location away from food and feed. Do not eat food or drink while handling this product.
- Avoid inhalation of vapor and direct contact with the eyes, skin, or clothing. Wear appropriate personal protective equipment (PPE).
- Wash hands and exposed skin thoroughly after handling this product. Wash hands also before eating, drinking, or using tobacco.

STORAGE AND DISPOSAL

Do not apply Solo Fungicide to any crop when it is wet or if rain is expected within 48 hours. Do not storeSolo Fungicide in its original container. Store container appropriately and out of reach of children.

CONTAINER HANDLING

- Do not reuseSolo Fungicide containers. Container may present a fire hazard.

DO NOT BUILD COMBINED FOOD AND FEED SYSTEMS

- Do not use combined food and feed systems that do not have an effective physical separation of food and feed. Do not storeSolo Fungicide in a food or feed container. Do not storeSolo Fungicide in any container intended for food or feed.

PESTICIDE DISPOSAL

- Do not dispose ofSolo Fungicide containing packaging in an area where livestock or wildlife could be exposed to it.

USE INFORMATION

Solo Fungicide contains a fungicide for use in a single use or multiple uses. The active ingredient, benzimidazole, is a systemic fungicide and its primary target is seedling and soil-borne pathogens. Solo Fungicide is a part of a treatment program to control seedling and soil-borne diseases. Use Solo Fungicide on the seeds being treated.

INFORMATION ON THE USE OF SOLO FUNGICIDE

Solo Fungicide is registered for use on a wide range of crops. The active ingredient, benzimidazole, provides protection against Downy Mildew, Early leaf blight, and Brown spot (Crop Groups: 15, 18, 21, 22, 28, 29, 30, 31, 32). Properties of Benzimidazoles

INFORMATION ON THE USE OF SOLO FUNGICIDE

Solo Fungicide contains a fungicide for use in a single use or multiple uses. The active ingredient, benzimidazole, is a systemic fungicide and its primary target is seedling and soil-borne pathogens. Solo Fungicide is a part of a treatment program to control seedling and soil-borne diseases. Use Solo Fungicide on the seeds being treated.
DIRECTIONS FOR USE
- When planting treated seed to use this product in a manner consistent with its labeling. READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.
- On crops other than soybean, use this product in a way that will result in no residues of this product or any of its metabolites that may be harmful to humans or animals.
- Do not use more than one fungicide on any given site in any 12-month period.
- Do not use this product on crops that will be grown for human food or animal feed within 200 feet of a water source.
- Do not apply when the temperature is below 50°F or when the forecasted high temperature is below 65°F.

DIRECTIONS FOR USE
- Use applications in accordance with its labeling. READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS WITH APPLICABLE STATE AND FEDERAL REGULATIONS.
- Due to the potential for drift and reapplication, apply this product no closer than 100 feet from water sources.
- Do not use this product on crops that will be grown for human food or animal feed within 200 feet of a water source.
- Do not apply when the temperature is below 50°F or when the forecasted high temperature is below 65°F.

DIRECTIONS FOR USE
- Use this product in accordance with its labeling. READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS WITH APPLICABLE STATE AND FEDERAL REGULATIONS.
- Do not use more than one fungicide on any given site in any 12-month period.
- Do not use this product on crops that will be grown for human food or animal feed within 200 feet of a water source.
- Do not apply when the temperature is below 50°F or when the forecasted high temperature is below 65°F.

DIRECTIONS FOR USE
- Use this product in accordance with its labeling. READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS WITH APPLICABLE STATE AND FEDERAL REGULATIONS.
- Do not use more than one fungicide on any given site in any 12-month period.
- Do not use this product on crops that will be grown for human food or animal feed within 200 feet of a water source.
- Do not apply when the temperature is below 50°F or when the forecasted high temperature is below 65°F.

DIRECTIONS FOR USE
- Use this product in accordance with its labeling. READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS WITH APPLICABLE STATE AND FEDERAL REGULATIONS.
- Do not use more than one fungicide on any given site in any 12-month period.
- Do not use this product on crops that will be grown for human food or animal feed within 200 feet of a water source.
- Do not apply when the temperature is below 50°F or when the forecasted high temperature is below 65°F.

DIRECTIONS FOR USE
- Use this product in accordance with its labeling. READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS WITH APPLICABLE STATE AND FEDERAL REGULATIONS.
