**INDUSTRIAL MICROBICIDE FOR USE IN REcirculating WATER COOLING TOWERS, WOod, MOLd, and MILDew CONTROL, PULP AND PAPER MILLS, OIL FIELD INJECTION WATER AND AIR WASHER SYSTEMS**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER CORROSIVE**: Causes irreversible eye damage and skin burns. May be fatal if swallowed. Fatal if absorbed through the skin. Harmful if inhaled. Do not get in eyes, skin or on clothing. Avoid breathing vapor. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Remove contaminated clothing and wash clothing before reuse.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

- Protective eyewear
- Chemical-resistant gloves
- Long-sleeve shirt and long pants
- Chemical-resistant apron
- Socks and chemical-resistant footwear

Discharge clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

**USER SAFETY RECOMMENDATIONS**

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the inside of gloves before removing. As soon as possible, wash thoroughly.

**ENVIRONMENTAL HAZARDS**

This chemical is toxic to terrestrial and aquatic plants, fish and aquatic invertebrates. Do not apply in marine and/or estuarine oil fields. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewers systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**KEEP OUT OF REACH OF CHILDREN**

**DANGER POISON**

**FIRST AID**

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.**

**Direct USES**

An insecticidal package designed to be used in recirculating water systems to control bacterial, fungal, and algal slime.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact work clothes or other persons.

**REFERENCES**

BLITZ CMIT is in the control of bacterial, fungal and algal slime in industrial recirculating cooling water systems, oil field injection waters, air washer systems, wood and wood products, and pulp and paper mills.

**INDUSTRIAL REcirculating water COOLING TOWERS**

To control bacteria, fungal and algae add BLITZ CMIT to the tower basin, distribution box or other point that ensures uniform mixing. The frequency of feeding and duration of the treatment will depend upon the severity of the problem. BAXY FOULED SYSTEMS must be cleaned before treatment is begun.

**INITIAL DOSE:** When the system is noticeably fouled, treat with 15 to 35 ppm of BLITZ CMIT (0.5 to 1.5 ppm active), by adding 0.8 to 4.7 pounds of BLITZ CMIT for every 1,000 gallons of system water. Repeat dosage 2 to 3 times per week, or as frequently as needed to maintain biocontrol.

**SUBSEQUENT INTERMITTENT DOSE:** When microbial control is evident, treat with 3 to 4 ppm BLITZ CMIT (0.5 to 3.5 ppm active), by adding 0.2 to 0.4 pounds of BLITZ CMIT for every 1,000 gallons of system water. Repeat dosage 2 to 3 times per week, or as frequently as needed to maintain biocontrol.

**SUBSEQUENT CONTINUOUS FEED DOSE:** When microbial control is evident, treat with 3 to 4 ppm BLITZ CMIT (0.5 to 3.5 ppm active), by adding 0.2 to 0.4 pounds of BLITZ CMIT for every 1,000 gallons of system water. Repeat dosage 2 to 3 times per week, or as frequently as needed to maintain biocontrol.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed during or after disposal.

**PESTICIDE STORAGE**

Open dumping is prohibited. Store in original container in areas inaccessible to children. Keep product out of reach of children. Do not apply this product as supplied for use in agricultural crops (largely carbon dioxide) alleen. To prevent brief contact with products, the person in charge of the equipment must be present at all times during the operation. The application of this product must be made only by persons who are registered under the Federal Insecticide, Fungicide, and Rodenticide Act or who have received training in the use of pesticides.

**CONTAINER DISPOSAL**

Do not reuse or refill this container. Clean container promptly after emptying.

**METAL CONTAINERS**

Triple rinse (or equivalent). These offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. DO NOT CUT or weld metal containers.

**PAPER CONTAINERS**

Triple rinsing (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
