DANGER

FIRST AID
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove any contact lenses, if present, then rinse. If irritation persists, call a poison control center or doctor for treatment advice.
IF INHALED: Move person to fresh air if person is not breathing, call 911 or get immediate medical attention. If person is breathing, give oxygen if it is called for by the medical doctor.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of soap and water for 15-20 minutes. If rash occurs, call a poison control center or doctor for treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice.

You may also contact 1-800-420-9236 for emergency medical treatment information.

NOTICE OF PHYSICIAN: Medical treatment or emergency medical services must be obtained for persons exposed or in cases of accidental overdose.
