This product will oxidize organic contaminants such as ammonia, perspiration, and suntan lotion. It will remove chloramines and bromamines which cause "chlorine odor" and enhance the sanitizing effectiveness of your chlorinating or brominating products by acting to reduce the formation of new chloramines and bromamines. It will also increase the clarity of the water and reduce eye burn.

PRECAUTIONARY STATEMENTS
DANGER: Corrosive. Causes skin and eye damage. May be harmful if swallowed. Avoid contact with eyes, skin and clothing. Wash thoroughly with soap and water after handling. Avoid breathing dust.

PHYSICAL OR CHEMICAL HAZARDS
STRONG OXIDIZING AGENT. Never add water to product. Always add product to large quantities of water. Do not mix with other chemicals. Do not add this product to any chemical feeder. Contamination with moisture, organic matter or other chemicals may cause a violent reaction leading to fire or liberation of hazardous gases. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood with large amounts of water.

FIRST AID
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

DIRECTIONS FOR USE
1. After every use, add 2 ounces of this product per 300 gallons of water.
2. Run the pump for at least 30 minutes.
3. Turn the jets on and off once or twice after adding this product to improve the treatment.

This product is neither a sanitizer nor algicide. For control of microorganisms in pool, spa or hot tub water, or algae control, use an EPA registered product.

STORAGE AND DISPOSAL
STORAGE AND HANDLING: Keep dry and in original container. Store in a cool, dry, well-ventilated place. Do not store with chlorine, bromine, or liquid acids. Keep container tightly closed when not in use.
PACKAGE DISPOSAL: Triple rinse empty container. Do not reuse container. Discard in trash.

Spa and Hot Tub Gallon Calculator (all dimensions in feet)
Square or Rectangular: Length x Width x Average Depth x 7.5 = Gallons
Round or Oval: Length x Width x Average Depth x 5.9 = Gallons
