CARTON MADE FROM 100% RECYCLED PAPER
Minimum 35% Post-Consumer Content
Stay Away® is the first natural pest prevention line made solely out of essential oils and plant
based. It's a kinder, non-toxic approach that's both effective and ecologically sound. earthkind®
is proud to offer you this natural alternative to proactively prevent ants and stale odors from
taking up residence where you live, work and play.

Use: Anywhere ants go to find food: pantries, cupboards, kitchens, basements and more.
Stay Away Ants is ideal for use in homes with children and pets present, or for those who
choose to manage pests in a humane manner.

How It Works: The patented pouch design gradually disperses earthkind's fragrant blend of
essential oils into treated areas to prevent ant infestation and freshen the air without harm
to the ants, other animals, or the environment. Each scent pouch will last for weeks depend-
ing on temperature and air exchange rates.

How to Use: Stay Away Ants is packaged in a ready to use, slow-release scent pouch
that can be easily placed wherever ants feed or congregate for weeks of continuous ant
prevention and freshness. Increase the number of pouches as needed until desired results
are obtained.

Warranty: Money Back Guarantee
If this product does not perform to claims when used as directed, send cash register receipt,
UPC code on bottom of box and reason for dissatisfaction to:
Earth-Kind, Inc. Customer Service Dept., 2610 E. Broadway, #12, Bismarck, ND 58501 USA

Note: Do not place directly on furniture or finished surfaces as product may stain.

First Aid: Product can cause moderate eye irritation. For certain individuals, skin irritation may
occur. In case of eye contact, flush with water. Seek medical attention if irritation persists.

Storage & Disposal: Store and transport in an upright position. Store in original container, in a
dry place inaccessible to children and pets. Do not reuse empty container — discard in trash.

Other Precautions: This product contains pure essential oils which can be overpowering to
some people. Should this occur, simply remove or reduce the number of pouches used

Notice: Seller assumes all responsibility for safety and use not in accordance with label
directions.

This product has not been registered by the United States Environmental Protection Agency. Earth-Kind, Inc.
represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide,
and Rodenticide Act.

"I want to personally thank you for purchasing this product. In doing so, you support
American farmers, less advantaged communities and our precious environment. I welcome
your comments and suggestions."
