Stay away® is the first natural pest prevention made solely out of essential oils and plant fiber. It's a kinder, non-toxic approach that's both effective and ecologically sound, earthkind® is proud to offer you this natural alternative to proactively prevent spiders and stale odors from taking up residence where you live, work, and play.

Use: Anywhere webs are noticed: basements, dormers, closets, attics, crawl spaces and more. Stay Away Spiders is ideal for use in homes with children and pets present, or for those who choose to manage pests in a humane manner.

How it works: The patented pouch design disperses earthkind’s fragrant blend of essential oils into treated areas to prevent spider infestation and fresher the air without harm to the spider, other animals, or the environment. Each scent pouch will last for weeks depending on temperature and air exchange rates.

How to Use: Stay Away Spiders is packaged in a ready to use, slow-release scent pouch that can be easily placed wherever spiders are found. For continuous spider prevention and freshness, increase the number of pouches as needed until desired results are obtained.

Warranty: Money Back Guarantee
If this product does not perform to claims when used as directed, send cash register receipt, UPC code on bottom of box and reason for dissatisfaction to:
Earth-Kind, Inc. Customer Service Dept., 2910 E. Broadway, #10, Bismarck, ND 58501 USA

Note: Do not place directly on furniture or finished surfaces as product may stain.

First Aid: Product can cause moderate eye irritation. For certain individuals, skin irritation may occur. In case of eye contact, flush with water. Seek medical attention if irritation persists.

Storage & Disposal: Store and transport in an upright position. Store in original container. In a dry place inaccessible to children and pets. Do not reuse empty container — discard in trash.

Other Precautions: This product contains pure essential oils which can be overpowering to some people. If this occurs, simply remove or reduce the number of pouches used.

Warning: Buyer assumes all responsibility for safety and use not in accordance with label directions.

This product has not been registered by the United States Environmental Protection Agency. Earth-Kind, Inc. represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.

"I wish to personally thank you for purchasing this product. In doing so, you support American farmers, less advantaged communities and our precious environment. I welcome your comments and suggestions."
