Directions for Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

To Sanitize Hard, Non-Porous Food Contact Surfaces: Spray on surface. Let stand for 60 seconds. Air dry, no rinsing necessary. If desired, wipe with a paper towel or clean dish towel. For heavily soiled surfaces, preleaning is required.

To Disinfect Hard, Non-Porous Surfaces: Spray on surface. Let stand 10 minutes. Air dry, no rinsing necessary. If desired, wipe with a paper towel or clean dish towel. For heavily soiled surfaces, preleaning is required.

Storage and Disposal: Do not contaminate water, food or feed by storage and disposal or cleaning of equipment. Pesticide Storage: Store in its original sealed container at room temperature, away from direct sunlight and heat to avoid deterioration. Pesticide Disposal and Container Handling: Nonrefillable container. Do not reuse or refill this container. Wrap and put in trash or offer for recycling if available.

Physical or Chemical Hazards: Do not use this product with other household or industrial products containing ammonia.

Gentle enough to use on any washable, non-porous surface including: finished wood, stainless steel, sealed granite, ceramic tile, chrome, laminate, metal, vinyl and glass.

*Kills 99.9% of Escherichia coli (E. coli), Salmonella enterica (Salmonella), Staphylococcus aureus (Staph), Streptococcus pneumoniae (Strep), Fancoamylin Resistant Enterococcus faecalis (VRE), Methicillin Resistant Staphylococcus aureus (MRSA), Pseudomonas aeruginosa (Pseudomonas), Listeria monocytogenes (Listeria), Herpes Simplex Virus Type 1 (Herpes), Herpes Simplex Virus Type 2 (Herpes), HIV Type 1 (HIV), Influenza A (H1N1), Rhinovirus Type 37 (Common Cold), Human Coronavirus, Respiratory Syncytial Virus (RSV), effective against: Trichophyton mentagrophytes (causes athlete's foot fungus), when used as directed.
