GLB Algimycin®
3000

LONG LASTING PROTECTION FROM ALGAE
CONTROLS GREEN, YELLOW AND BLACK ALGAE
CLEAR POOL WATER

ACTIVE INGREDIENTS:
Poly (oxyethylene (dimethyliminio) ethylene
(dimethyliminio) ethylene dichloride)…….30%
Zinc sulfate monohydrate........................5%
OTHER INGREDIENTS..................................65%
TOTAL:..................................................100%

Contains 2.8 lbs. of Poly(oxyethylene(dimethyliminio)
ethylene (dimethyliminio)ethylene dichloride per gallon
and 0.165 lbs. of elemental zinc per gallon

KEEP OUT OF REACH OF CHILDREN
CAUTION
See other precautions and first aid on back panel.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
For maximum effectiveness, pools with a large amount of algae present must be cleaned prior to using this product. Pools having visible algae growth must be treated with 32 ounces per 10,000 gallons of pool water. After 24 hours, the algae debris must be removed by standard cleaning procedures, including brushing loose algae spots, vacuuming the pool and backwashing the filter.
For treatment of a freshly cleaned and filled pool, add 16 ounces per 10,000 gallons of pool water. To maintain pools free of visible algae growth, add 6 ounces per 10,000 gallons of pool water every week after the initial treatment. Apply this product directly to the pool water with the circulation system turned on. Allow ample time for product to be distributed before turning off the pump.
This product is compatible with other chemicals commonly used to treat swimming pools and it is effective in both acid and alkaline pH ranges. It can be used in pools treated with chlorine chemicals, and its use may reduce the amount of these chemicals required.
Compatible with bromine, chlorine, salt water, ozone, biguanide and minerals.

IMPORTANT NOTE: Always apply chemicals separately. Never combine them.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS
CAUTION: Causes eye irritation. Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with eyes. Avoid breathing vapor. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID:
IF IN EYES: Hold eyelids open and rinse slowly
with water for 15-20 minutes. Remove contact
lenses if present after 5 minutes then continue
rinsing eye. Call poison control center or doctor
for treatment advice.
IF SWALLOWED: Call a poison control center or
doctor immediately for treatment advice. Have
the person sip a glass of water if able to
swallow. Do not induce vomiting unless told to
do so by a poison control center or a doctor. Do
not give any thing by mouth to an unconscious
person.
IF INHALED: Move person to fresh air. If person
is not breathing, call 911 or an ambulance then
give artificial respiration, preferably mouth-to-
mouth if possible. Call a poison control center or
doctor for further treatment advice.
IF ON SKIN OR CLOTHING: Take off contami-
nated clothing. Rinse skin immediately with
plenty of water for 15-20 minutes. Call a poison
control center or doctor for treatment advice.
Have the product container or label with you
when calling a poison control center or doctor,
or going for treatment.

IN CASE OF EMERGENCY CALL:
1-800-654-6911.

NOTE TO PHYSICIAN: Probable mucosal
damage may contraindicate the use of gastric
lavage.

ENVIRONMENTAL HAZARDS: This pesticide is
toxic to fish and aquatic organisms.

IN CASE OF A SPILL: Avoid release to the
environment. Do not flush to sewer. Contain
and/or absorb spill with inert material (e.g.
sand, vermiculite).

STORAGE AND DISPOSAL: Keep
this product dry in its tightly closed container
when not in use. Nonrefillable container. Do
not reuse or refill this container. Offer for recycling.
If not available, discard in trash.
