**BIOCHEK® 430**

**TO INHIBIT THE GROWTH OF MICROORGANISMS IN LATEX EMLUSIONS, WAXES, POLISHES, INK, PAINTS, PIGMENT SLURRIES, COATINGS, AND METAL WORKING FLUIDS AND ADHESIVES (Not for use in metalworking fluids in California)**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS** DANGER. CORROSIVE: Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not breathe vapor or spray mist. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Remove contaminated clothing and wash before reuse. Handlers must wear: Long-sleeved shirt and long pants; Socks and shoes; Goggles or face shield and Chemical resistant gloves (such as rubber or any water/proof material); and either a respirator with an organic vapor (OV) cartridge, or a canister with any N, P, R or HE prefilter or a dust/mist filtering respirator (MASH/NIOSH) approval number prefix TC-21 or a NIOSH approved respirator with any N, P, R or HE prefilter. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them. Follow manufacturer’s instructions for cleaning/maintaining PPE. Do not use such instructions for washables. Use detergent and water in a washable container. Do not use PPE separately from other laundry.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has notified the user in writing. Do not discharge effluent containing this product to any other system without the notification of the sewage treatment plant authority. Before disposing of the product, contact your State Water Board or Regional Office of the EPA. It is a violation of Federal law to use this product in a manner inconsistent with its labeling. The amount necessary for desired protection varies, depending on exposure conditions. Do not apply in a way that will contact workers or other persons. See Label Supplement for additional use instructions.

**ACTIVE INGREDIENTS:**
- 2,2-Dibromo-2,4-dicyanobutane —— 23.72%
- 2-Chloro-3-methyl-4-isothiazolin-3-one —— 0.057%
- 2-Methyl-4-isothiazolin-3-one —— 0.000%

**INSERT INGREDIENTS:** —— 76.228%
TOTAL —— 100.000%

**PÉLIGRO**

**FIRST AID**

**IF IN EYES:** Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told by a poison control center or doctor.

**IF ON SKIN:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. Have the product Material Safety Data Sheet (MSDS) with you when calling a poison control center or when going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feeds by storage or disposal.

**PESTICIDE STORAGE:** Keep container closed when not in use. Ship and store Biocheck 430 at temperatures between 0-42 °C (32-108 °F). Freezing the product may cause a temporary water separation, which can be corrected by mechanical agitation. Store away from heat. At temperatures above 42 °C (108 °F), the active ingredients in the dispersion may separate out. Handle and open container in a manner as to prevent spillage. If the container is leaking, invert to prevent leakage and carefully dam up spilled material to prevent runoff. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Absorb spilled material with absorbing type compounds and dispose of as directed below.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide environmental control agency, or the hazardous waste representative at the nearest regional office for guidance.

**CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or reconditioning if appropriate. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration or, if allowed by State and Local authorities, by burning. If burned, stay out of smoke.
