"JUST SAY NO TO PESTS"
ED ROSENTHAL'S
ZERO TOLERANCE®

DIRECTIONS
SHAKE WELL BEFORE EACH USE
Transfer to a spray bottle. Test on a few leaves before use. Wait 24 hours. If leaf burn occurs, dilute with 1 part water to 3-4 parts ZT. Avoid over-diluting. Different varieties of plants have varying responses to pesticide strength. Do not use on wilted or stressed plants.

To Apply: Use at first sign of infection, then every third day as needed. Spray leaves, flowers, and all infected areas. It is best to spray in the evening or when plants are not under bright light. Reapply after rain. ZT can be used up to 10 days before harvest.

STORAGE
Store in a cool, dark place. CAUTION: Keep out of reach of children.
