PT Clear Zone® III
Metered Pyrethrin Spray

PRODUCT INFORMATION

This product is designed specifically for use in automatic metered dispensers. One dispenser per 6,000 ft³ is considered an average need, with adjustments made on specific conditions. The dispenser activates the metered valve once every 15 min. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed. It is suggested that the container be changed once a month (when operated on a 24 hr basis) 1 hr after control is no longer needed; but if < 24 hr control is desired, set the dispenser to start 1 hr before control is desired and run 7 hr after control is no longer needed. Factors such as airflow rate, size of space treated, humidity and room temperature affect insect activity and control. As with any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed.

STORAGE AND DISPOSAL:

DO NOT:
- Contaminate water, foodstuffs, or domestic animals.
- Reuse container.
- Dispose of container in the trash.
- Incinerate when empty.

CONTAINER DISPOSAL:
- Puncture or incinerate!

IF ON SKIN OR CLOTHING:
- Wash off contaminated clothing. Remove skin immediately with plenty of water for 15 to 20 min. Call a poison control center or doctor for treatment advice.
- Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also call 1-800-222-1222 (24/7) for emergency medical treatment information.

TO USER:
- Contains pyrethrin, a botanical insecticide and related compounds: (butylcarbityl) (6-propylpiperonyl) ether and related compounds.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See inside panels for First Aid, Precautionary Statements, Directions for Use and Storage and Disposal.

STORAGE:

Store in a cool, dry area away from heat or open flame and inaccessible to children.
