ULD® BP-300
Contact Insecticide II

For indoor or outdoor application as a direct, space, area or contact spray. Dependent upon the insects and areas to be treated, this product may be applied through mechanical aerosol (non-metered), Ultra Low Volume (ULV) generators, as well as thermal and conventional fogging or spraying equipment.

KILLS: Ants (excluding Harvester & Pharaoh), Bed Bugs, Cockroaches, Fleas, Flies, Scorpions, Spiders, Stored Product Pests (Beetles, Mites, Moths) and Ticks

FOR USE IN: Commercial (including Food Handling Establishments, Food Service, Storage, Preparation and Processing Areas), Institutional and Residential Areas

ACTIVE INGREDIENTS:
Pyrethrins*, a botanical insecticide ................................................................. 3.0%
Piperonyl butoxide** ..................................................................................... 15.0%

OTHER INGREDIENTS: ............................................................................. 82.0%

TOTAL: ..................................................................................................... 100.0%

Contains Petroleum Distillate
* 1 gal contains 0.211 lb of pyrethrins and 1.053 lb of piperonyl butoxide
** (butylcarbalyl) (6-propylpiperonyl) ether and related compounds

EPA Reg. No. 499-522
EPA Est. No. 7969-MO-1

KEEP OUT OF REACH OF CHILDREN
CAUTION

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Causes moderate eye irritation. **DO NOT** get in eyes, on skin or clothing. Wear protective eyewear.* Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

*Protective eyewear includes goggles, face shield and/or safety glasses.

**PERSONAL PROTECTIVE EQUIPMENT (PPE):** Mixers, loaders, applicators and other handlers must wear the following: long-sleeve shirt, long pants, shoes and socks, and chemical-resistant gloves made of barrier laminate, nitrile rubber, neoprene rubber or Viton. In addition to the above PPE, applicators fogging this product (applying as a space spray) in an enclosed area must wear a half-face, full-face, or hooded respirator with: a dust/mist filter with MSHA/NIOSH approval number prefix TC-21C or any R, P, or HE filter.

In addition to the above PPE, applicators fogging this product (applying as a space spray) in an enclosed area must wear a half-face, full-face, or hooded respirator with: a dust/mist filter with MSHA/NIOSH approval number prefix TC-21C or any R, P, or HE filter.

In addition to the above PPE, applicators fogging this product (applying as a space spray) in an enclosed area must wear a half-face, full-face, or hooded respirator with: a dust/mist filter with MSHA/NIOSH approval number prefix TC-21C or any R, P, or HE filter.

See inside booklet for User Safety Requirements and User Safety Recommendations.

**ENVIRONMENTAL HAZARDS**

**TERRESTRIAL APPLICATIONS:** This product is toxic to aquatic organisms, including fish and invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product has a potential for runoff for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product.

### DIRECTIONS FOR USE

**FIRST AID**

**If in eyes:**
- Hold eyes open and rinse slowly and gently with water for 15 to 20 min.
- Remove contact lenses, if present, after the first 5 min, then continue rinsing eyes.
- Call a poison control center or doctor for treatment advice.

**If on skin or clothing:**
- Take off contaminated clothing.
- Shower skin immediately with plenty of water for 15 to 20 min.
- Call a poison control center or doctor for treatment advice.

**HOTLINE NUMBER**

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-832-HELP.

**NOTE TO PHYSICIAN:** May pose an aspiration pneumonia hazard. Contains petroleum distillate.

**NOTE TO PHYSICIAN:** May pose an aspiration pneumonia hazard. Contains petroleum distillate.

**ENVIRONMENTAL HAZARDS**

**TERRESTRIAL APPLICATIONS:** This product is toxic to aquatic organisms, including fish and invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product has a potential for runoff for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. **DO NOT** apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

Except as specified in the directions for use, **DO NOT** apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. **DO NOT** contaminate water when disposing of equipment wash waters or rinse.

**PHYSICAL AND CHEMICAL HAZARDS**

**DO NOT** use or store near heat or open flame. **DO NOT** apply this product around electrical equipment due to the possibility of shock hazard.

**DIRECTIONS FOR USE**

**IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.**

See inside booklet for additional Directions for Use.

**STORAGE AND DISPOSAL**

**DO NOT** contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in original container in secured, dry storage area. **DO NOT** store above 100°F for extended periods of time. Storage below 32°F may cause freezing. If container is damaged or spill occurs, use product immediately or dispose of product and damaged container as indicated below.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Nonrefillable container. Empty container by using the product according to the label directions. **DO NOT** re-use or refill the container! Triple rinse container (or equivalent) promptly after emptying.

Triple rinse container (or equivalent) promptly after emptying. Empty the remaining contents into application equipment or a mix tank and drain for 10 sec after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 sec. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 sec after the flow begins to drip. Repeat this procedure 2 more times.

Then offer for recycling, if available, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

PERSONAL PROTECTIVE EQUIPMENT (PPE):

USER SAFETY REQUIREMENTS:
- Use non-colorant detergent and hot water. Keep and wash PPE separately from other laundry.
- Avoid skin contact with the active ingredients. Wash your hands after using the product.
- Store properly. Use only as directed.
- Keep out of reach of children.

SAMPLE PRESCRIPTION:

- **Insecticide:**
  - **Application Site:** All areas of the treatment area, including cracks and crevices.
  - **Application Method:** Apply the insecticide directly to the void using an insecticide meter.
  - **Application Rate:** Use the recommended rate for the specific pest.

- **Fungicide:**
  - **Application Site:** All areas of the treatment area, including cracks and crevices.
  - **Application Method:** Apply the fungicide directly to the void using a mechanical injector.
  - **Application Rate:** Use the recommended rate for the specific fungus.

- **Herbicide:**
  - **Application Site:** All areas of the treatment area, including cracks and crevices.
  - **Application Method:** Apply the herbicide directly to the void using a mechanical injector.
  - **Application Rate:** Use the recommended rate for the specific herbicide.

PHYSICAL AND CHEMICAL HAZARDS:
- **Physical:** The product may contain physical hazards such as sharp objects or chemicals that can cause burns.
- **Chemical:** The product may contain chemicals that can cause respiratory irritation or skin sensitization.

ENVIRONMENTAL HAZARDS:
- **Water:** The product may contaminate water sources when applied, affecting aquatic organisms.
- **Soil:** The product may affect soil and plants, reducing their viability.

STORAGE AND DISPOSAL:
- **Storage:** Store the product in a cool, dry place, away from direct sunlight.
- **Disposal:** Dispose of the product in accordance with local regulations. Contact your local waste management authority for disposal instructions.
