BEFORE FOGGING:

CAUTION: DO NOT USE IN SMALL, ENCLOSED SPACES SUCH AS CLOSETS, CABINETS OR UNDER COUNTERS OR TABLES. USE OF A FOGGER IN AN ENCLOSED SPACE MAY CAUSE IT TO EXPLODE, RESULTING IN INJURY TO PEOPLE OR DAMAGE TO PROPERTY.

Caution: Do not use in or around food or feed areas, or in or near food or feed processing, packing, or storage areas, unless specifically labeled for such use.

Stop all ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances. Do not inhale fumes. Use only outdoors. Use in well ventilated areas. Keep out of reach of children.

Open the bag, remove the canister from the bag, and place it in the basket. Hold the canister away from you and depress the actuator until it is locked down. Once the canister has been activated, place the canister in the plant-free zone; vacate the structure immediately, and close the door.

TO START FOGGING:

Observe the following precautions when fogging:

1. Stop all ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances.
2. Do not inhale fumes or use in or around food or feed areas, or in or near food or feed processing, packing, or storage areas unless specifically labeled for such use.
3. Use only outdoors. Use in well ventilated areas. Keep out of reach of children.

The cycle off and on. Prepare a 3 ft plant free zone in which to place canister. Discount above the top of plants, common practice is to use a 6 ft zone, but a 3 ft zone will work. A minimum of 4 hours or all night if possible, to thoroughly ventilate the treated area before reoccupying.

Tips for fogging:

1. Lift or place the canister on a table or chair. Hold the canister away from you and depress the actuator until it is locked down.
2. Once the canister has been activated, place the canister in the plant-free zone; vacate the structure immediately, and close the door.

CAUTION: DO NOT USE IN SMALL, ENCLOSED SPACES SUCH AS CLOSETS, CABINETS OR UNDER COUNTERS OR TABLES. USE OF A FOGGER IN AN ENCLOSED SPACE MAY CAUSE IT TO EXPLODE, RESULTING IN INJURY TO PEOPLE OR DAMAGE TO PROPERTY.

CONTAINER DISPOSAL: DO NOT PUNCTURE OR INCINERATE!

PESTICIDE DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. Do not store below 32ºF. Store in a cool, dry (preferably locked) area, away from heat or open flame, in a place that is inaccessible to children and animals.

PESTICIDE STORAGE: DO NOT STORE BELOW 32ºF. Store in a cool, dry (preferably locked) area, away from heat or open flame, in a place that is inaccessible to children and animals.

PERSONAL PROTECTIVE EQUIPMENT

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions contained in the Material Safety Data Sheet (MSDS) for this product. The MSDS contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), including health and safety information.

Baseline PPE consisting of a long-sleeved shirt, long pants, chemical-resistant gloves such as barrier laminate and butyl rubber ≥14 mils, and shoes plus socks. Wear protective eyewear.

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Properly launder PPE such as barrier laminate and butyl rubber ≥14 mils and shoes plus socks before reuse. Follow the instructions on the label for other materials and equipment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

• DO NOT enter treated areas until.AddTransient()

• DO NOT apply to consecutive crops in a greenhouse structure unless applied in combination with other effective miticides/insecticides.

• DO NOT apply more than 3 times during a crop growing cycle.

• DO NOT compost any discarded plant materials that have been treated with this product. DO NOT apply more than 2 consecutive times before rotating to a chemical with a different mode of action. Refer to the label for specific instructions.

• DO NOT apply to foods or the food chain.

• DO NOT use on or near plants that are certified organically grown or that bear a label indicating that they are organically grown.

• DO NOT apply to foods or the food chain.

• DO NOT apply to plants that are covered by the Worker Protection Standard.

• DO NOT use on or near plants that are certified organically grown or that bear a label indicating that they are organically grown.

RESISTANCE MANAGEMENT:
Crop protection chemicals should always be used in resistance management programs that are based on the following principles:
- Crop protection programs should be based on the results of scouting or other pest-monitoring programs.
- The crop protection program should be designed to be consistent with the recommendations of the pesticide regulatory agency responsible for product registration.
- The crop protection program should be designed to be consistent with the recommendations of the pesticide regulatory agency responsible for product registration.
- The crop protection program should be designed to be consistent with the recommendations of the pesticide regulatory agency responsible for product registration.

Pylon® TR
Total Release Miticide/Insecticide
Treats up to 3,000 ft² (50,000 ft²)
KILLS MITES AND CATERPILLARS,
SUPPRESSES THE IMMATURE STAGE OF FUNGUS GNAT AND THRIPS
For use only on Ornamental Crops and Fruiting Vegetables Grown in Commercial Greenhouses.
NOT for indoor, residential use (e.g., homes, apartments, mobile homes).
May be used on Greenhouse Ornamental Plants including: Bedding Plants, Cut Flowers, Evergreens, Flowering Plants, Foliage Plants, Fruiting Vegetables, Containerized Plants, Ground Covers, Non-Bearing Fruit Trees, Non-Bearing Nut Trees, Non-Bearing Vines, Ornamental Trees and Shrubs
ACTIVE INGREDIENT:
Chlorfenapyr ............................................. 4.5%
OTHER INGREDIENTS: .................................. 95.5%
TOTAL: ............................................. 100.0%
EPA Reg. No. 499-544  EPA Est. No. 7969-M0-1
See inside booklet for First Aid, Precautionary Statements, Directions for Use and Storage and Disposal.
NET WEIGHT: 2 OZ
