4 in 1 formula
- Kills bacteria
- Prevents algae
- Removes organic contaminants for clear water
- Protected against sunlight to last longer

ACTIVE 99
3" CHLORINATING TABLETS

KEEP OUT OF REACH OF CHILDREN
DANGER
See back panel for First Aid and additional Precautionary Statements

NET CONTENTS 25 LB (11.3 kg)
EACH TABLET WEIGHS 1/2 LB
APPLICATION METHODS

If water is cloudy or green, add a granular shock product per label directions.

**Feeder &**

- **Feeder**
  - Fill with tablets and adjust output to bring chlorine to 1-4 ppm, test and refill as needed to maintain 1-4 ppm.

**Skimmer**

- 1 tablet per 10,000 gallons to bring chlorine to 1-4 ppm then add more tablets as needed to maintain 1-4 ppm.

DO NOT apply other chemicals through feeder as an explosion might occur. Direct contact with pool surfaces or equipment may cause damage.

**FOR BEST RESULTS:** Apply more product after heavy use, high temperatures or rain.
Re-entry into treated swimming pools is prohibited above levels of 4 ppm chlorine due to risk of body injury.

STORAGE AND DISPOSAL:

Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. Do not contaminate feed or feed by storage or disposal.

**CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER: Corrosive:
Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or fumes. Inhaling to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

**PHYSICAL OR CHEMICAL HAZARDS:** STRONG OXIDIZING AGENT: Do not mix with other chemicals. Mix only with water. Never add acid to product. Always add product to large quantities of water. When using automatic feeding devices, always follow manufacturer's directions as to the proper addition of sanitizing product to chlorinators. Use clean dry utencils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water.

**FIRST AID:**

- **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice.
- **IF ON SKIN OR CLOTHING:** Take all contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-600-0553.
Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

NOTE: Buyer assumes all responsibility for safety and use in accordance with directions.

EPA REG. NO. 87202-77-90106
EPA EST. NO. 51950-CA-T, 7016-CA-T
Letter exemption not code product to be used in any container identifies actual establishment.
