APPLICATION METHODS

If water is cloudy or green, add a granular shock product per label directions.

Feeder & Floater
Fill with tablets and adjust output to bring chlorine to 1-4 ppm, test and refill as needed to maintain 1-4 ppm.

Skimmer
Add 2 tablets per 10,000 gal to bring chlorine to 1-4 ppm then add more tablets as needed to maintain 1-4 ppm.

DO NOT apply other chemicals through feeder as an explosion might occur. Direct contact with pool surfaces or equipment may cause damage.

FOR BEST RESULTS: Add more product after heavy pool use, high temperatures or rain to maintain 1-4 ppm. Re-entry into treated swimming pools is prohibited above levels of 4 ppm chlorine due to risk of body injury.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER: Corrosive: Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or fumes. Inhaling to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, smoking or using the toilet. Remove contaminated clothing and wash before reuse.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice.

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL OR CHEMICAL HAZARDS: CONTAINS A STRONG OXIDIZING AGENT. Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. When using automatic feeding devices, always follow manufacturer’s directions as to the proper addition of sanitizer product to chlorinators. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Corrosive: Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or fumes. Inhaling to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, smoking or using the toilet. Remove contaminated clothing and wash before reuse.

ENVIROMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.

EPA REG. NO. 73262-33-000061
EPA EST. NO. 51000-09-17, 7016-CA-1/00

Letter designation in lot code printed above or below on container identifies actual establishment.

STORAGE AND DISPOSAL:
Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, isolate container if possible and flood area with large amounts of water to dissolve all material before discarding this container. Do not contaminate food or feed by storage or disposal.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Offer for recycling if available. Rinse thoroughly before recycling or discarding in trash.

Tamper Evident Tear Strip
Tear away by using "ring pull" on either side of lid

To open the lid (after the tear strip is removed)

Step-1
1. Press & Hold
2. Lift up
3. Raise up

Step-2
1. Raise up
2. Lift up
3. Hold

Step-3
**THE 6 in 1 DIFFERENCE**

- Concentrated, stabilized, slow-dissolving sanitizer provides continuous protection against bacteria and algae
- Kills and prevents all types of pool algae
- Kills bacteria
- Removes organic contaminants for clear water
- Protected against sunlight to last longer
- Prevents corrosion and scale
- Makes water silky smooth
