PRODUCT DESCRIPTION
It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not apply to a wet animal since the product will not adhere to moist surfaces.

DIRECTIONS FOR USE
FILL BODY FLY CONTROL: Adult flies for the treatment of cattle, horses, and hogs, it is recommended that a full treatment be given as a single application. The product should be applied to the flies as soon as possible after the flies are seen. Apply one (1) gram per 100 square feet. Apply the product in a light mist to where the flies are in the area.

STAGE 1 AND STAGE 2 FLY CONTROL: Apply a light mist to where the flies are in the area. Apply the product in a light mist to where the flies are in the area.

STAGE 3 AND STAGE 4 FLY CONTROL: Apply a light mist to where the flies are in the area. Apply the product in a light mist to where the flies are in the area.

APPLICATION TREATMENT: Apply the product in a light mist to where the flies are in the area. Apply the product in a light mist to where the flies are in the area.

EYE PROTECTION: Wear protective clothing and eye protection when using this product. Avoid contact with eyes and mouth. Wash hands thoroughly after handling this product.

SAFETY PRECAUTIONS: Keep out of reach of children. Store in a cool, dry place.

FORMULA: This product is non-toxic and is safe for use around children and pets. It is not harmful to the environment.

NOTICE: This product is not recommended for use on livestock exposed to the sun for long periods of time. It is not recommended for use on animals that are stressed or debilitated.
PRECAUTIONS FOR USE
Do not apply to the back of a warm animal since the product will not adhere to moist surfaces. Your pet’s normal body heat may allow the product to flow or drip off. Therefore, it should not be applied within two to three hours of an anticipated shower or澡 in which the presence of water may allow the product to flow or drip off. If the product is applied to a wet, moist or damp area, there may be an effect on the barrier properties. As with any product, certain areas may be sensitive to one of the ingredients in this product and develop some local irritation. Be certain your pet’s behavior is normal before handling.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes or clothing. Do not dilute with or use food or water. Wash thoroughly with soap and water after handling.
