Part of our Botanical Cleaning & Disinfection Solution

Kills over 99.99% of Staphylococcus aureus, Salmonella enterica, Pseudomonas aeruginosa, Methicillin Resistant S. Aureus (MRSA), Enterobacter aerogenes, Influenza A Virus, H1N1 Influenza A Virus, Rotavirus type 37.

Safely cleans hard non-porous, newly treated contact surfaces of Staphylococcus aureus and Enterobacter aerogenes in the presence of light or moderate soil load with a 5-second contact time.

Now!

New! Benefect Botanical Disinfectant Wipes

Kills Over 99.99% of Bacteria in 30 Seconds!

Suitable for use on hard, non-porous surfaces in residential, medical, commercial, and industrial applications associated with fire, grey water, fungal contamination, and trauma scene contamination including health care facilities, food preparation facilities, hospitals, nursing homes, medical, veterinary, dental offices, day care facilities, health professional offices, chiropractic & physiotherapy clinics, hotels & motels, restaurants & bars, kitchens, cabinets, food storage areas, fitness gyms, spas, schools, zoos, banks, kennels, planes, trains, automobiles & ambulances.

Suitable for use on all hard, non-porous surfaces (metal, glass, fiberglass, plastic, vinyl and similar polymers, glazed tiles, painted or sealed surfaces, finished woodwork, laminated surfaces, sealed marble, and similar stone or stone-like composites) including non-porous construction materials such as water damaged sheet metal, walls, floors, ramification equipment & PPE (Personal Protective Equipment), sealed wallboard or wood, shoes & boot waxes, car & drain parts of H1N1 & N1 equipment, food preparation surfaces, plastic cutting boards, countertops, tables, sinks, fixtures, light switches, cabinets, doors knobs & handles, best frames & rails, computer keyboards & mice, children's non-porous toys, highchairs, changing tables, patios, toilet seats, garbage cans, floor sponges, boat surfaces & davits, protheses & orthotics, sports equipment such as pole pipes & frames.

Effectively eliminates odors including those from odor-causing bacteria and fungi on concrete, wood framing & stud work, finished woodwork, trim, sealed wallboard, carpet pad & subfloors.

Strong Durable Wipe. Sanitizes in Just 30 Seconds.

Contains no synthetic fragrances, dyes, ammonia, alcohol, chlorine, bleach, volatile solvents or volatile organic compounds. Will not harm hard non-porous surfaces. Creates no harsh fumes, and leaves no harmful residue.

Made from Botanical Plant Extracts.

Directions for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For heavily soiled or greasy areas, pre-cleaning is required.

To Open Package: Flip open dispensing flap. Pull out corner of center sheet and thread through slot in lid. Replace lid and pull wipe at an angle; the next sheet pops up automatically.

To Clean: Wet the surface with the wipe & wipe clean.

To Sanitize & Deodorize: Use 1 wipe to sanitize/deodorize hard, non-porous non-food contact surfaces. Wipe surface, make sure enough wipes for treated surfaces to remain visibly wet for 30 seconds. Let surface dry. No rinsing required (even on food contact surfaces). For lightly soiled surfaces, deep excess dirt first.

To Disinfect: 1. Wet the surface with the wipe. 2. Let visibly wet for 10 minutes. Allow to air-dry. No rinsing is required (even on food contact surfaces).

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either in or in contact with the bloodstream or normally sterile areas of the body, or (2) contains intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

Storage/Disposal: Tightly close lid between uses to retain moisture. Dispose of wipe in trash after use. Do not flush. Non-refillable container. Do not reuse or refill this empty container. Offer empty container for recycling. If recycling is not available, discard in trash.
