HOTLINE NUMBER: Have the product container or label with you when calling a poison control center, doctor or going for treatment. You may contact us at 1-855-844-4375 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

HAZARDS TO HUMANS

CAUTION.

Harmful if swallowed. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

HAZARDS TO DOMESTIC ANIMALS

For external use on cats only. Do not use on kittens weighing less than 1.5 lbs. and less than 8 weeks of age. DO NOT USE ON DOGS. DO NOT USE ON OTHER ANIMALS. Individual sensitivities, while rare, may occur after using ANY pesticide product. Cats may experience some temporary irritation at the site of product application. If signs persist, or become more severe within a few days of application, consult a veterinarian. If your cat has an unusual reaction to the initial application, consult a veterinarian before repeating treatment. Certain medications can interact with pesticides. Consult a veterinarian before using any medicated, debilitated or aged cats. Call 1-855-844-4375 for 24-hour assistance.

SIDE EFFECTS

Monitor your cat after application. Side effects may include skin irritation such as redness, scratching or other signs of discomfort. In some cases, vomiting or diarrhea may result due to grooming after treatment. If these or other side effects occur, consult your veterinarian or call us at 1-855-844-4375.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not allow children to apply product. To prevent harm to you and your cat, read the entire label and directions for use before each use. Follow all directions and precautionary statements carefully. Use on CATS ONLY. DO NOT USE ON RABBITS OR OTHER ANIMALS.

Precaution al consumidor: Si usted no puede leer inglés, no use este producto hasta que le entregue la tarjeta explicativa completa. (El usuario que no puede leer inglés no debe usar este producto hasta que la etiqueta haya sido claramente explicada.

PetLock™ Plus for Cats contains the active ingredients Fipronil and (S)-Methoprene that effectively target fleas, ticks and chewing lice. PetLock™ Plus for Cats is fast-acting, long-lasting, waterproof, and easy to use. PetLock™ Plus for Cats remains effective even after bathing, water immersion, or exposure to sunlight. PetLock™ Plus for Cats can also be used for the treatment and control of flea, tick, and chewing lice infections on breeding, pregnant or lactating queens. Do not allow your cat to ingest this product. Do not apply to cats weighing less than 1.5 lbs. and less than 8 weeks old.

If swallowed, call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
To kill fleas, flea eggs and larvae, all stages of Brown Dog ticks, American dog ticks, Lone Star ticks, and Deer ticks (which may carry Lyme disease) and chewing lice, apply this product to cats and kittens weighing over 1.5 lbs. and 8 weeks or older as follows.

**TO REMOVE AND OPEN APPLICATOR:**

1. Cut along scissor cut line to separate unit

2. Turn unit over and cut corner at bulb end

3. From cut corner, peel backing completely off from bottom to top

4. Remove the applicator

**TO APPLY PETLOCK™ PLUS FOR CATS:** Place applicator tip through cat’s hair to the skin level between the shoulder blades. Squeeze applicator applying entire contents in a single spot to the cat’s skin. Avoid superficial application to the cat’s hair. Allow area to dry before touching treated area. Only one applicator per treatment is needed.

**FREQUENCY OF APPLICATION**

- **Fleas:** When used monthly, Petlock™ Plus for Cats kills all stages of the flea life cycle and prevents re-infestation for up to six weeks after application. Although Petlock™ Plus for Cats can control fleas for up to six weeks, if there is a high risk of re-infestation or if the cat has fleas which may cause flea allergy dermatitis, apply Petlock™ Plus for Cats once every 30 days.

- **Chewing Lice:** Petlock™ Plus for Cats kills chewing lice for at least 30 days. For best control of chewing lice, apply once every 30 days. Do not reapply Petlock™ Plus for Cats for 30 days.

- **Ticks:** Petlock™ Plus for Cats kills all stages of the tick life cycle (larvae, nymph, and adult) for at least 30 days. For best control of ticks, apply once every 30 days.

**STORAGE AND DISPOSAL**

- **Do not contaminate water, food, or feed by storage and disposal.**

- **PESTICIDE STORAGE:** Store unused product in original container only, out of reach of children and animals.

- **PESTICIDE DISPOSAL:** If partly filled. Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

- **CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available.

**WARRANTY**

To the extent consistent with applicable law, TruRx, LLC and/or seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use resulting from the handling of this product. Seller shall return the purchase price or at the election of the seller replace the product.
