• Do not tank-mix with Betamix.
• For use under this SLN label do not apply this product through any type of irrigation system.

WSDA CONTAINER DISPOSAL GUIDANCE:
Pesticide containers must be properly cleaned prior to disposal. The best time to clean empty pesticide containers is during mixing and loading, because residue can be difficult to remove after it dries. Triple rinse (or pressure rinse) the pesticide container, empty all pesticide rinse water into the spray tank, and apply to a labeled crop or site. Recycling cleaned containers is the best method of container disposal. Information regarding the recycling of empty and cleaned plastic pesticide containers in Washington is available on the WSDA Waste Pesticide Program web site at http://agr.wa.gov/PestFert/Pesticides/WastePesticide.aspx. Cleaned containers may also be disposed of in a sanitary landfill, if permitted by the county. Burning is not a legal method of container disposal in Washington.

RE:  EPA SLN Registration Number WA-150006

Dear Tawanda,

Enclosed is Washington Special Local Need (SLN) registration number WA-150006 issued to Helm Agro US for the use of RO-NEET Herbicide (EPA Reg. No. 74530-16) on sugar beets for control of annual weeds. This registration was issued under authority of Section 24(c) FIFRA.

There is a special local need in Washington for the use of Cycloate to control annual weeds in sugar beets. Other products are either not labeled for this use or not as effective as Cycloate on target weeds. This SLN will extend the application window to include postemergence applications when compared to the RO-NEET Herbicide Section 3 label. This SLN registration is being issued as an eventual replacement for WA-010021 which has expired and is expected to be cancelled.

An exemption from tolerance for residues of Cycloate has been established (refer to 40 CFR 180.180.212).

WSDA has issued this SLN registration with an expiration date of December 31, 2019.

If you have any questions, please contact me at (360) 902-2031 or by e-mail at esimons@agr.wa.gov.

Sincerely,
