Storage and Disposal
Do not contaminate water, foods, or household or business articles with empty containers or contents. Periodic Container Disposal: Do not store if container is not tamper-evident. Disposal must be made in a sanitary landfill or other approved method. Do not incinerate. Empty containers contain a small amount of product. Containers may be recycled if in a reconditioned manner. Empty containers should be washed and filled with water before disposal.

First Aid
If in Eyes: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if worn, after the first 5 minutes. Get medical attention immediately.

If on Skin: Wash with soap and water (or as directed by product label) immediately for 20 minutes. Get medical attention immediately if irritation persists.

If swallowed: Call a Poison Control Center or your local emergency room immediately.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals
CAUTION. Contains an ingredient that may cause sensitization. Use with caution. Wash hands with soap and water after use. Avoid contact with eyes, mouth, and skin.

Personal Protective Equipment (PPE)
Some mixing and spraying equipment may produce dust. Wear a respirator, safety glasses, full-body protective clothing, chemical resistant gloves. Avoid breathing dust. Use only in a well-ventilated area.

USER SAFETY RECOMMENDATIONS
Users should wash hands before, during, and after using product. Keep out of reach of children.

Physical or Chemical Hazards
Flashpoint: Corrosive; 4.9, 25°C, 0.9 atm, 0.48 cm head. exposed to water at 137°F may cause burning. Contact with roof soles may cause discoloration or other unpleasant effects.

Environmental Hazards
This product's toxicity is extremely low to aquatic organisms, including fish and aquatic birds. However, exposure to products containing pyrethrins in or near water bodies may adversely affect aquatic organisms. Use product in or near water bodies only as directed. Do not contaminate water when disposing of product containers.

DIRECTIONS FOR USE
Only For Commercial/Industrial Use
Fast Knockdown!
Specially Formulated for the Utility Industry
Kills Wasps, Yellow Jackets, hornets, Bees, Killer Bees, Ants, Spiders and Cockroaches (including Asian Cockroaches)
Dielectric Strength 47,300 Volts
Effective Range 12-15 feet
Does NOT harm ABS, Noryl Polycarbonate and Polystyrene Plastics
Does NOT cause corrosion of noble metals

ACTIVE INGREDIENTS
Pyrethrum (CAS No. 9006-12-0) 0.16% Resmethrin (CAS No. 26565-53-1) 0.55% Pyrethrin II* (CAS No. 51-27-6) 0.50% OTHER INGREDIENTS 99.39%

TOTAL 100.00%

* (Not Calderon) stabilize pyrethrin esters and contain higher esters. *Contains pyrethrin esters.

PRODUCT # 4335

KEEP OUT OF REACH OF CHILDREN

CAUTION
See back panel for First Aid and additional Precautionary Statements.

NET WT. 12 oz (340 g)

OUTDOORS
Before spraying insects or mist, give the can a shortiarshacking away from the wind to eliminate proper pressure For Wasp and Hornet Control: (1) Spray from a distance. (2) Wait until insects are flying, then spray. (3) wasps, yellowjackets, hornets, and bees may control treated nests while standing 6 to 12 feet away. (4) Slight spray; may control treated nests while standing 6 to 12 feet away. (5) Thoroughly spray nests, (6) Other pest control: (7) Shortairshaking away from the wind to eliminate proper pressure For Ant Control: (1) Spray from a distance. (2) Wait until insects are flying, then spray. (3) Thoroughly spray nests, (4) Other pest control: (5) Shortairshaking away from the wind to eliminate proper pressure For Foraging Ant Control: (6) Spray directly on the path. (7) Other pest control: (8) Shortairshaking away from the wind to eliminate proper pressure For Other Pest Control: (9) Spray directly on the path. (10) Other pest control: (11) Shortairshaking away from the wind to eliminate proper pressure For Crown Mil, Cockroaches (including Asian Cockroaches) Crickets, Roaches, Mice, Rats, Weevils, Millipedes, Weevils, Spiders, Ticks, Brown Dog and Lomuant, Fleas, and Waterbugs. Control: Thoroughly spray infested areas including windows, doors and cracks. Do NOT allow spray to come in contact with food, water, or feed. If spray comes in contact with food, water, or feed, wash and discard
