SECONDARY OIL RECOVERY SYSTEMS

For use as a fungicide, algaecide, slimicide and microbiocide in oil field water flood or salt water disposal systems for the control of sulfate-reducing bacteria, which impair the efficiency of the system and damage pipe work by microbial corrosion. Add sufficient amount of this product to achieve a total bromine level of 4-10 ppm as needed to maintain control of the system. This product can be added whenever needed to maintain 10 ppm residual bromine. Feed this product directly into the water to be treated. Mixing of the treated water with this product must be avoided.

HYDROSTATIC TEST WATERS

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, puny paper labels and empty containers may result in contamination of surface waters. Pesticides cannot be disposed of by use according to label instructions, contact your State Water Board or Regional Office of the EPA. Apply this pesticide only as specified on the label. For recycling, if available, triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into the system, rinse container with 10% sodium hydroxide solution. Replace and tighten closures. Tip container on its side and roll it back and forth vigorously for 5 minutes. Stand the container on its end and tip it back and forth several times. Empty rinse into an approved tank or a mix tank or store rinse for later use or disposal. Repeat this procedure two more times.

Spills. When handling or dealing with spills, use gloves with gogssheets or face shield; wear protective clothing, including chemical-resistant gloves and boots; use a respirator if mixing occur. Cover wet spills with 10% sodium bicarbonate. Contact your State Water Board or Regional Office of the EPA for treatment advice.

WARRANTY

Seller warrants that this product conforms to its chemical description and is free of defects in material and workmanship. The warranty is hereby in lieu of all other warranties and agreements. The warranty, expressed or implied, extends to the use of this product for its intended purpose, subject to the following limitations: Seller shall not be liable for special or consequential damages or loss of profits. This warranty shall not apply to any product that is not used or maintained in accordance with the conditions of use appearing on the label.

PRODUCED FOR: ICL-IP America, Inc.
