PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Open in a well-ventilated area. Avoid breathing dust and fumes. Do not get in eyes, on skin or on clothing. Wear coveralls over long sleeved shirt and long pants, socks, chemical-resistant footwear, and gloves. Wear protective eyewear (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear:
• Coveralls over long-sleeved shirt and long pants,
• Socks and chemical resistant footwear,
• Goggles or face shield,
• Respirator with an organic-vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-29C), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G), or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any N, R, P or HE prefilter
• Chemical-resistant gloves (such as: barrier laminate or Viton)

USER SAFETY REQUIREMENTS

Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separate from other laundry. Users must wash hands before eating, drinking chewing gum, using tobacco, or using the toilet. Users must remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users must remove personnel protective equipment immediately after handling this product. Wash outside of gloves before removing.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

WOLMAN® AGQ CONCENTRATE

Wood Preservative

FOR INDUSTRIAL USE

ACTIVE INGREDIENTS:

Propiconazole ........................................................................................................... 2.50%
Tebuconazole ........................................................................................................... 5.00%
Didecyl dimethyl ammonium carbonate and
didecyl dimethyl ammonium bicarbonate ....... 11.25%
Other Ingredients: ................................................................................................... 81.25%
Total ................................................................. .................................................. 100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER

See side panel for additional precautionary statements

FIRST AID

IF SWALLOWED:
• Call a Poison Control Center or doctor immediately for treatment advice.
• Have a person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a Poison Control Center or doctor.
• Do not give anything by mouth to an unconscious person.

IF INHALED:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
• Call a Poison Control Center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a Poison Control Center or doctor for treatment advice.

IF IN EYES:
• Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue to rinse eyes.
• Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when you call a Poison Control Center or doctor, or when going for treatment.

IN CASE OF EMERGENCY CALL 800-654-6911

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

MANUFACTURED BY: Arch Treatment Technologies, Inc.
360 Interstate North Parkway, Suite 450, Atlanta GA 30339
ACEAN 24-Hr. Emergency Response 800-654-6911
EPA Reg. No. 75506-14
EPA Est. No. 62190-GA-001
Net Contents: 2350 lbs.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not attempt to use without having the necessary safety equipment. Dilute this product in water to provide working solutions with concentrations ranging from 0.1 percent to 1.2 percent active ingredients by weight. This product may be mixed with other EPA registered products that are labeled consistently with the intended end use of this product. Apply the working solution to wood products using equipment and methods that include, but are not limited to, dip, spray, vacuum, pressure, and coating processes. Application procedures must rigidly adhere to the current specifications of Arch Treatment Technologies and/or the American Wood Protection Association, and/or ICC Evaluation Report.

Processes used to apply Wolman® AGQ formulations shall leave no visible surface deposits on the wood. Visible surface deposits means a surface residue or crystallization on the treated wood. Small isolated or infrequent spots of chemical on otherwise clean wood shall be allowed.

Treatment of wood products with [this product] [or] [brand] protects wood against termites and other wood destroying insects, Ascomycetes, white rot, brown rot and dry rot. Wood treated with this product cannot be used to construct bee hives.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place. Open dumping is prohibited.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable Container. Do not refill or reuse this container.

Triple rinse as follows: Fill container ⅔ full with water. Tip container on its side and roll it back and forth, ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinseate into application equipment or mix tank or store rinseate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.
