STOP READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For indoor residential use only.

Use Restrictions

• The product must be used indoors in residential areas only.
• Do not use this product in cupboards, major houses, junction boxes, switch boxes, or other electrical equipment because of possible shock hazard.
• During any indoor surface application, do not allow dripping or runoff to occur.
• Do not apply to any application to ceilings of a structure, cover surfaces below with plastic shielding or similar material.
• Do not use as a space spray.
• Use only in well-ventilated areas.
• Do not use in greenhouses where plants are grown for food.

HOW TO USE

1. Shake well before each use.
2. Spray insects to kill on contact.
3. For long-lasting control, treat areas where insects are commonly found. Spray surfaces until wet, prevent excessive wetting and waste of product. Allow surfaces to remain wet for 5 minutes.
4. When treating for ants*, spray around door and window frames. Also treat other entry points and trails.

NOTE: Point spray away from people, pets and plants. Do not allow people or pets to contact treated surfaces until spray has dried. Remove pets and cover aquariums before spraying. Do not allow the spray to contact food of food-contact surfaces. Thoroughly wash dishes, utensils, and countertops with soap and water if they are sprayed with this product. Test inconspicuous sample of fabric or rug for staining before use.

Use Green Thumb® Roach, Ant & Spider Killer, as a spot treatment indoors only
