PRINCIPAL FUNCTIONING AGENTS:
Glycerin, diethylene glycol and polyethylene glycol nonylphenyl ether ........................................91.25%
Constituents ineffective as spray adjuvants ........................................ 8.75%
TOTAL ................................................................................................100%
All ingredients are exempt from tolerance under 40 CFR 180.
WA Reg. No. 99777-15001

CAUTION
KEEP OUT OF REACH OF CHILDREN
Read Entire Label Before Using This Product - SHAKE WELL BEFORE USING

PRECAUTIONARY STATEMENTS
CAUTION: Causes moderate eye irritation. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

FIRST AID
Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If a person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes.

GENERAL INFORMATION
90 NIS can be used with most insecticides, fungicides, herbicides, acaricides, defoliants, desiccants, fertilizers and wettable powders to improve performance of the active spray ingredient by giving them more uniform distribution and better wetting of the plant surface. 90 NIS meets the requirements of most pesticide manufacturers for a 90/10 surfactant.

DIRECTIONS FOR USE
Not For Aquatic Use

Field conditions can cause some variation in the amount of this product required. The minimum required to give a smooth, uniform coverage usually gives the most effective results. Not for aquatic use.

MIXING INSTRUCTIONS
Follow the instructions on the pest control product manufacturer’s label. If there are no specific instructions, add 90 NIS after the pest control product has been thoroughly mixed into the tank mix water and preferably after all products have been mixed into the tank.

STORAGE AND DISPOSAL
Storage: Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product.

Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.
