Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also call CHEMTREC at 1-800-424-9300 for emergency.

ENVIRONMENTAL HAZARDS
Do not contaminate water sources by cleaning of equipment or disposal of washwater.

FOME-KIL is an anti-foaming agent used as an additive to control the foaming of various agricultural chemicals.
This product is especially beneficial in controlling the foaming action of wetting agents, herbicides and other pesticides in water based solutions and emulsions.

DIRECTIONS FOR USE
Always read and follow the label of the pesticide(s) and additive(s) to be used with this product. Always refer to the pesticide and additive label(s) for additional recommendations or precautions. Follow the most restrictive label.

This product can be applied directly to spray solutions in a pre-mix application or added while a tank is being filled to control foam formation or to control existing foam.

Use 1 fluid ounce of this product per 100 gallons of solution. It may be necessary to adjust the amount used according to individual conditions. Agitation will aid dispersion.

In situations where foam develops after the fluid level drops, stop agitation and add the recommended dosage of this product. Increase or decrease rate until desired foam control is obtained.

Not for aquatic use.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
PRODUCT STORAGE: Store product in original container only. Avoid freezing or extreme temperatures. Keep out of reach of children and animals.

PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER DISPOSAL: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

WARRANTY—CONDITIONS OF SALE
OUR DIRECTIONS FOR USE of this product are based upon tests believed reliable. Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the Seller. To the extent consistent with applicable law, Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith.

To the extent consistent with applicable law, in no case shall the Manufacturer or Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product when such use and/or handling is not in strict accordance with directions given herewith. The foregoing is a condition of sale by the Seller and is accepted as such by the Buyer.
