Darby Surface Disinfectant Wipes

Bactericidal | Virucidal* | Fungicidal | Tuberculocidal

160 Pre-Saturated Wipes (6” x 6.75”)

Cleaning Procedure:

1. Thoroughly wet surface with a new Darby Surface Disinfectant Wipes.
2. Allow to remain visibly wet for 2 minutes at room temperature (68°F/20°C).
3. Use a second Darby Surface Disinfectant Wipes to thoroughly wet the surface.

Contact Time:

Darby Surface Disinfectant Wipes can be used for this purpose.

Blood and other body fluids must be thoroughly cleaned from the surface before using Darby Surface Disinfectant Wipes.

Cleaning Instructions:

To start feed, remove cover and discard seal. From center of wipe roll, pull up a wipe corner, twist it into a point and thread it through the hole in the holder. Replace when entire contents of the holder are used or首都 contents. For use with Darby 2000 Dispenser (sold separately).

Storage and Disposal:

Store at room temperature (59°F-77°F) out of direct sunlight.
