STOP LICE
Home Lice, Bedbug & Dust Mite Spray

• For bedding & furniture
• Kills lice & their eggs on mattresses, furniture, car interiors & other non-washable items

ACTIVE INGREDIENT:
Permethrin 0.50%

OTHER INGREDIENTS:
99.50%

This product is Step 3 of a three step lice control system.

Step 1: Rinse with a lice killing shampoo. Re-apply in 10 days.
Step 2: Comb out nits & lice with a comb/lice gel.
Step 3: Clean home. Use a multi-use lice spray for non-washable items. Washables should be washed in hot water and dried in high heat.

FIRST AID
If on skin or clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.
If in eyes:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes. Then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

NOT FOR USE ON HUMANS
Do not allow adults, children, or pets to enter the treated area until sprays have dried.

• In the home, all food-processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.
• Remove pets, birds and cover any water inhabited by fish (such as aquariums and ornamental fish ponds) before application. Turnoff aquarium filtering systems before spraying and wait approximately 15 minutes after application before turning the filter back on.
• This product is not for use on humans. If eye irritations should occur on humans, use a product labeled for use on humans.
• Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage is to streets, sewers, water bodies, or sewage systems can occur. Do not allow the product to enter any drain during or after application.
• Not for broadcast use on indoor residential surfaces.

PEEL BACK HERE

NOSE WHEN BLEEDING
Remove protective cap. Hold container upright with nozzle away from you. Express valve and spray from a distance of 8-10 inches (12 to 15 inches for baseboards, moldings and floors). Test product on an inconspicuous area before spraying to check for possible staining or discoloration. Inspect again after drying. Spray to the point of dampness but not run-off. Over application may cause damage. Will not stain surfaces or fabrics where water alone causes no damage.

NOTE TO PHYSICIAN
Contains petroleum distillate - warning may cause aspiration pneumonitis.

PRECAUTIONARY STATEMENTS
• Hazards to Humans & Domestic Animals
CAUTION: Harmful if inhaled through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco or the toilet. Remove and wash contaminated clothing before reuse.

• PHYSICAL OR CHEMICAL HAZARDS
Contents under pressure. Do not store or allow near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions:
• Do not allow adults, children, or pets to enter until vapors, mists and aerosols have dispersed, and the treated area has been thoroughly ventilated.
Adhesive Area
No Copy

**For Use on Humans.** Spray only those articles and parts of bedding including mattresses and furniture that cannot be either laundered or dry-cleaned. Do not use on sheets or pillowcases.

**Bedbugs:** Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, moldings and floors. Spray to the point of dampness but not run-off. After mattress is dry, cover with mattress cover and sheet. Do not use mattress without cover. Retreat if infestation occurs, but not more than once every two weeks.

**To Kill House Dust Mites (Dermatophagoides spp.)** is a multi-use lice spray control dust mites that may cause asthma, hay fever, rhinitis, watery eyes and sneezing. One treatment lasts for up to 8 weeks.

**Storage and Disposal.** Do not contaminate water, food or feed storage or disposal.

| Storage: | Place in a cool, dry area away from children and pets and away from food, water, feed and fire. Do not transport or store below 2°F (−18°C). |
| Pesticide Disposal and Container Handling: | Do not puncture or incinerate. |
| Empty: | Place in trash or offer for recycling if available. |

**Notice:** To the extent consistent with applicable law, purchaser assumes all responsibility for safety and use in accordance with directions.
