Good Neighbor Pharmacy

Home Lice, Bedbug & Dust Mite Spray

Step 3 Lice Control System

Kills lice & their eggs on mattresses, furniture, car interiors and other non-washable items.

ACTIVE INGREDIENT: 0.50%
10 OTHER INGREDIENTS: 99.50%

Keep out of reach of children. Read entire label before each use.

CAUTION: See label under Additional Precautions.

Physical or Chemical Hazards: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause burning.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions:

• Do not allow adults, children, or pets to enter until vapor, mist and aerosol have dispersed, and the treated area has been thoroughly air-dried.
• Do not allow adults, children, or pets to enter the treated area until vapor, mist and aerosol have dispersed.

In the home, all hard-processing surfaces and upholstery should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

Remove pets, birds and cover any water (including fish such as aquariums and ornamental fish ponds) before application. Turn off aquarium filters before spraying and wait approximately 10 minutes after application before turning the filter back on.

This product is not for use on humans. If lice infestations should occur on humans, use a product labeled for use on humans.

Application is prohibited directly into water or drains, or to any area likely to come in contact with drinking water, food, or aquatic habitats. Do not allow the product to enter any drain systems or any application-based containers.

Shake Well Before Using

Remove protective cap. Hold container upright with nozzle away from you. Depress valve and spray from a distance of 8-10 inches (20 to 25 cm). Test product on an inconspicuous area before applying to check for possible thinning or discoloration. Repeat again after drying. Spray to the point of dampness but not run-off. Over application may cause damage. Will not stain surfaces or fabrics where water alone causes no damage.

To kill Lice and Louse Eggs: Cleanne home. Use this product for non-reusable items. Washed items should be washed in hot water and dried in high heat. Spray for an inconspicuous area to test for possible thinning or discoloration.

Physically apply product for non-reusable items. Washed items should be washed in hot water and dried in high heat. Spray for an inconspicuous area to test for possible thinning or discoloration.

Nothing is more important than protecting you and your loved ones from dangerous bedbugs. Good Neighbor Pharmacy's Bedbug & Dust Mite Spray is formulated to effectively eliminate bedbugs, dust mites, and other nuisance pests. Its powerful formula destroys eggs, larvae, and adults, providing long-lasting protection against infestations. With its convenient spray applicator, it's easy to use in tight spaces and challenging areas.

For added protection, Good Neighbor Pharmacy also offers Lice, Bedbug & Dust Mite Control Powder, which works synergistically with the spray to provide an extra level of defense against these pesky pests. The powder is gentle on fabrics and surfaces, making it safe for use around children and pets.

To ensure the best results, follow the instructions on the product label carefully. Regular monitoring and maintenance are essential to keep pest infestations at bay. Good Neighbor Pharmacy is committed to providing effective and safe pest control solutions to help you enjoy a pest-free home.
