If an animal eats this bait, call a veterinarian at once.

This product can only be used to control Norway rats, roof rats and house mice in and within mammals, or birds may access the bait.

1. Do not place near or inside ventilation duct openings. Do not contaminate water, food, feedstuffs, food or feed handling equipment, or milk or meat handling equipment or surfaces that come into direct contact with food. When used in USDA inspected facilities, the product must be applied in tamper-resistant bait stations.

2. Do not store product in individual containers holding less than 4 pounds of bait.

3. Do not use in places that are accessible to children and nontarget animals, check burrows every morning and evening to make sure that bait has not been pushed out of burrows. Remove and properly dispose of any bait that has become accessible to children or nontarget animals.

Mice: Apply 1 to ¼ ounce of bait per placement (usually at intervals of 15 to 30 feet). Adjust the amount of bait applied to the level of rat feeding expected at each bait placement.

For treating burrows, use a long-handled spade to place to ½ to 1 ounce of bait deep into each active burrow entrance. Close burrows with soil 3 to 7 days after bait placement. Rammed burrow entrances that are reopened by rats. If the area where treated burrows are located is accessible to children and nontarget animals, check burrows every morning and evening to make sure that bait has not been pushed out of burrows. Remove and properly dispose of any bait that has become accessible to children or nontarget animals.

Mice, rats: Apply 1 to ¼ ounce of bait per placement. Space placements at intervals of 8 to 12 feet in infested areas. Larger placements, up to 2 ounces, may be used at points of extremely high mouse activity. Make sure that the product is broadcast and does not roll over onto adjacent areas. Use only for sites, pests, and application from a structure as defined above, is prohibited. This product must not be applied directly to food or feed crops. Do not broadcast bait.
