USE QUATERNARY DISINFECTANT WIPES ON WASHABLE HARD, NONPOROUS SURFACES OF:

• Bathrooms, Recreational Facilities, Retail Businesses, Ambulances.

Quaternary Disinfectant Wipes is recommended for use in Hospitals, Long Term Care Facilities, Critical Care Areas, Dialysis Centers, Obstetrics & Gynecology, and in non-critical medical equipment surfaces.

To Dispose Wipes:

• Remove used wipes from dispenser. Do not use a dryer to dry or dehumidify the wipes.
• Dispose of used wipes in trash. Do not flush in toilet.

Personal Protection:

Clean-up must always be done wearing protective gloves, gowns, masks and eye protection.

Quaternary Disinfectant Wipes are recommended when surfaces are visibly soiled.

Since Quaternary Disinfectant Wipes are not to be used as a terminal sterilant / high level disinfectant on any disposable tissue wipes, it is recommended that first aid wipes may be used for this purpose.

These products are not to be used as a terminal sterilant / high level disinfectant on any disposable tissue wipes.

This product is not to be used as a terminal sterilant / high level disinfectant on any disposable tissue wipes.
