Precore® 2625 Premise Spray

INSTRUCTIONS:

- The Active Ingredient (Precor®) is a Metabolite of the Insect Growth Regulator Pyrethrin.
- Apply to hard surfaces of structures 10 feet above ground level with a fine atomization nozzle to produce an even mist or fog. If treated surfaces will come in contact with water, wait until they have dried. Do not apply directly to water or onto painted surfaces. Use only in areas where spraying will not result in contact with water or painted surfaces.

USE RESTRICTIONS AND DIRECTIONS:

- Use Precor® 2625 Premise Spray only on hard, dry surfaces of structures. Use only in areas where spraying will not result in contact with water or painted surfaces.
- Do not use Precor® 2625 Premise Spray on glass, non-porous plastic, painted or metal surfaces.
- Do not use Precor® 2625 Premise Spray on painted wood, metal, or plastic surfaces.
- Do not use Precor® 2625 Premise Spray on glass, non-porous plastic, painted or metal surfaces.
- Use only in areas where spraying will not result in contact with water or painted surfaces.

APPLICATION:

- Use Precor® 2625 Premise Spray only on hard, dry surfaces of structures. Use only in areas where spraying will not result in contact with water or painted surfaces.
- Do not use Precor® 2625 Premise Spray on glass, non-porous plastic, painted or metal surfaces.
- Do not use Precor® 2625 Premise Spray on painted wood, metal, or plastic surfaces.
- Use only in areas where spraying will not result in contact with water or painted surfaces.

SAFETY:

- Do not use Precor® 2625 Premise Spray on glass, non-porous plastic, painted or metal surfaces.
- Do not use Precor® 2625 Premise Spray on painted wood, metal, or plastic surfaces.
- Use only in areas where spraying will not result in contact with water or painted surfaces.
- Do not use Precor® 2625 Premise Spray on glass, non-porous plastic, painted or metal surfaces.
- Use only in areas where spraying will not result in contact with water or painted surfaces.

PRECAUTIONARY STATEMENTS:
