DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Precautionary Statements: This anti-fouling paint uses the latest technology available to create a hard-film paint film strong enough to handle the tough marine environment without building up or losing its texture. This paint is designed to be durable in harsh conditions, providing excellent protection against marine growth.

Applicaions Method: The product is designed to be applied to new or existing hulls using a brush or roller. Aerosol application is not recommended.

Precautionary Statement: Use of this product may result in a loss of adhesion if applied over existing paint systems without proper surface preparation.

Clean-Up: After application, clean up with soap and water or with a water-based cleaner. Avoid contact with的眼睛, nose or mouth. If contact occurs, flush with water for at least five minutes. If irritation persists, seek medical attention.

Storage and Disposal: Store the product in a cool, dry place away from direct sunlight. Do not dispose of the product in landfills or the environment. Follow all applicable federal, state, and local regulations for disposal.

WARNING: Use only in accordance with the instructions on the label. Avoid contact with eyes, nose or mouth. If contact occurs, flush with water for at least five minutes. If irritation persists, seek medical attention.

Storage and Disposal: Store the product in a cool, dry place away from direct sunlight. Do not dispose of the product in landfills or the environment. Follow all applicable federal, state, and local regulations for disposal.

WARRANTY: We guarantee the product to be free from defects in materials and workmanship for the duration stated on the label. If a defect occurs, please return the product to the store where it was purchased. Terms and conditions apply.
