Dual protection against fleas and lice. Monthly use of paraDEFENSE™ for Dogs kills fleas which may cause Flea Allergy Dermatitis. Staffs working through contact.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION: See the full label. Cause moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and warm water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

HAZARDS TO DOMESTIC ANIMALS

For external use only. Do not use on puppies under 7 weeks of age or on dogs weighing less than 5 lbs. Consult your veterinarian before using this product if dizziness, alert, propped or eating, drooling, excessive salivation, white eye, grey ocular sclera, elevated fever, diarrhea or excitation occurs. Do not use in pregnant or nursing dogs. Inadequate ventilation may cause some of the solution to run off the side of the tube. If one dog of the batch is treated, treat all dogs of the same batch. Discard excess amount of solution at any one spot, that could cause some of the solution to run off the side of the dog. Do not get this product in your pet's eyes or mouth. For external use only. Not for human consumption. Do not use in areas where pets have access to food or water. If any part of solution is ingested, do not attempt to induce vomiting. Have the product container or label with you when calling a poison control center or doctor.

FIRST AID

For external use only. Do not use on puppies under 7 weeks of age or on dogs weighing less than 5 lbs. Consult your veterinarian before using this product if dizziness, alert, propped or eating, drooling, excessive salivation, white eye, grey ocular sclera, elevated fever, diarrhea or excitation occurs. Do not use in pregnant or nursing dogs. Inadequate ventilation may cause some of the solution to run off the side of the tube. If one dog of the batch is treated, treat all dogs of the same batch. Discard excess amount of solution at any one spot, that could cause some of the solution to run off the side of the dog. Do not get this product in your pet's eyes or mouth. For external use only. Not for human consumption. Do not use in areas where pets have access to food or water. If any part of solution is ingested, do not attempt to induce vomiting. Have the product container or label with you when calling a poison control center or doctor.

IF IN EYES:

Hold eye open and flush slowly and gently with water for 15 minutes. Remove contact lenses if present, after the first 5 minutes. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING:

Remove contaminated clothing. Wash skin with plenty of water for 15–20 minutes. Take off contaminated clothing. Have the product container or label with you when calling a poison control center or doctor for further treatment advice.

DIRECTIONS FOR USE

If it is in violation of federal law to use this product in a manner inconsistent with its labeling. Do not allow children to apply product. Storage and Disposal

HOW TO APPLY

1. Remove one applicator tube from the package. 2. Hold applicator tube in an upright position facing away from you and your pet's face and eyes. Pull cap off tube. 3. Turn the cap around and place other end of cap back on tube. 4. Twist cap to break seal, then remove cap from tube. 5. The dog should be standing for easy application. Apply the entire contents of the tube evenly to three or four spots on the top of the back from the shoulder to the base of the tail. At each spot, part the fur until the skin is visible. Place the tip of the tube on the skin and apply the entire contents of the tube evenly to three or four spots on the side or back of the dog. 6. Discard empty tube as described in the Storage and Disposal section. 7. Under normal conditions the product is effective for a month. However, if use of an over-the-counter antiparasitic medication may be necessary rather than twice a month, do not treat more often than every seven to 10 days. After the contents of each tube have been used, return to a monthly retreatment schedule.

Storage and Disposal

For use on dogs weighing 21–55 lbs. Do not use on cats. For use only on dogs. For use only on dogs or on puppies 7 weeks of age or older weighing 21 to 55 lbs. Do not use on other animals. Do not exceed labeled dosage amount for dogs. Do not use on puppies less than 7 weeks of age. Do not apply more than one (1) tube per treatment. Do not treat the same area too often. Have contact with treated area with complete dry.

Side Effects: Monitor your dog after application. Side effects, although very rare, may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects (such as lethargy) occur, consult your veterinarian or call 1-855-844-4375.

DO NOT USE ON CATS. Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian immediately.

HOW TO APPLY
1. Remove one applicator tube from the package.
2. Hold applicator tube in an upright position facing away from you and your pet's face and eyes. Pull cap off tube.
3. Turn the cap around and place other end of cap back on tube.
4. Twist cap to break seal, then remove cap from tube.
5. The dog should be standing for easy application. Apply the entire contents of the tube evenly to three or four spots on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the tube on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply an excessive amount of solution at any one spot that could cause some of the solution to run off the side of the dog.
Do not get this product in your dog's eyes or allow your dog to ingest this product.
6. Discard empty tube as described in the Storage and Disposal section.
7. Under normal conditions the product is effective for a month. However, in case of severe flea infestation, retreatment may be necessary earlier than four weeks. Do not re-treat more often than once every seven (7) days. After flea control is obtained, return to a monthly retreatment schedule.

STORAGE AND DISPOSAL
PESTICIDE STORAGE: Store in a cool, dry place inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. If empty: Do not reuse or refill this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-888-261-4657 for disposal instructions. Never place unused product down any indoor or outdoor drain.
