DUPONT™ FONTELIS®
Fungicide
EPA Reg. No. 352-834

This supplemental labeling expires on December 31, 2017 and must not be distributed or used after that date.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RATES AND APPLICATION TIMINGS
(See page two)

IMPORTANT
BEFORE USING DUPONT™ FONTELIS® FUNGICIDE, READ AND FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS, AND PRECAUTIONS ON THE EPA-REGISTERED LABEL.
DuPont™ FONTELIS® fungicide (i.e., FONTELIS®) is a suspension concentrate containing penthiopyrad for the control or suppression of many important listed plant diseases. FONTELIS® fungicide contains mineral oil in the formulation.

This bulletin contains new or supplemental instructions for use of this product which do not appear on the package label. Follow the instructions on the container and supplemental label carefully.

This labeling must be in the possession of the user at the time of pesticide application. Use of FONTELIS® according to this labeling is subject to the precautions and limitations imposed by the label affixed to the container of FONTELIS®. Read the Limitation of Warranty and Liability on the Section 3 Federal Product labeling before buying or using FONTELIS®. If terms are not acceptable, return the unopened package at once to Seller for full refund of purchase price paid. Otherwise, use by Buyer or any other User constitutes acceptance of the terms of the Limitation of Warranty and Liability on the Section 3 Federal product label.
## USE RATES AND APPLICATION INSTRUCTIONS

(In addition to those on the DuPont™ FONTELIS® product packaging)
