**GENERAL INFORMATION**
Pro Cann-Care™ Synergy+ Concentrate is a dual action contact insecticide that provides rapid mortality of susceptible insects and prevents powdery mildew. Pro Cann-Care™ Synergy+ Concentrate prevents powdery mildew growth by forming a protective coating on plant surfaces. The net effect of this unique dual action results in:
1. The prompt termination of mites
2. Powdery mildew never has a chance to become problematic

**Effective Against:**
Mites, Adelgids, Aphids, Crickets, Earwigs, Lace Bugs, Leaf Feeding Caterpillars and Beetles, Leafhoppers, Mealybugs, Psyllids, Sawfly Larvae, Plant Bugs, Scale Crawlers, Thrips, Wooly Aphids, Whiteflies, and other pests.

**Preventative**

**DIRECTIONS FOR USE**
*SHAKE WELL BEFORE USE*
1. This product can be applied with all types of hand or power sprayers. Read and carefully follow the instructions for the type of sprayer you use.
2. For best results, use freshly mixed solution.
3. Mix 4 fl. oz. Pro Cann-Care™ Synergy+ Concentrate per gallon water or 1 gallon Pro Cann-Care™ Synergy+ per 32 gallons water. THOROUGH coverage of both the tops and bottoms of leaves and stems is important. Saturate to the point of run-off. Use approximately 2 mL of spray per plant.

**When to Apply:**
Pro Cann-Care™ Synergy+ Concentrate provides best control when insects are newly hatched. Repeat applications every 3 days for prevention. If infestation present, apply 8 fl. oz. per gallon every 3 days. Heavy infestation may require removal of leaves and buds followed by drenching in order to return plant to health.

**Note:**
As a precautionary trial, apply to and observe a few leaves for 2 days after application of Pro Cann-Care™ Synergy+ Concentrate. Discontinue use if signs of burning are present. Do not use on newly planted cuttings or on plants stressed by drought. Avoid application when temperature exceeds 90°F (32.2°C).
Pro Cann-Care™ Synergy+ Concentrate may be used up to and including day of harvest, and is useful as a component of Integrated Pest Management (IPM) programs.

**PRECAUTIONARY STATEMENTS**
HAZARDS TO HUMANS & DOMESTIC ANIMALS
WARNING: Keep out of reach of children & animals. Harmful if swallowed. Causes skin irritation. Causes serious eye irritation. Harmful to aquatic life with long-lasting effects. Avoid contact with eyes, skin, or clothing. If in eyes, flush with water for at least 15 minutes. If on skin, wash with plenty of soap and water. Get medical attention if irritation persists.

**STORAGE AND DISPOSAL**
Pesticide Storage:
Store Pro Cann-Care™ Synergy+ Concentrate in a dry area inaccessible to children and pets. Protect from freezing and heat. Store in original container only. Keep container tightly closed when not in use to prevent evaporation.

Pesticide Disposal:
Non-refillable container. To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility.

If Partially Filled:
Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
