Kompat™
Acidifier & Emulsifier

INGREDIENTS

Principal Functioning Agents:
Citric Acid, Polyethylene glycol distearate ........................................................................................................ 50%

Constituents Ineffective As Spray Adjuvants: ........................................................................................................ 50%

MANUFACTURING UNDER U.S.A. AND INTERNATIONAL PATENTS

Kompat™ is a unique blend of acidifying agents and emulsifiers. It has been formulated to be used with a wide range of pesticides and foliar fertilizers as well as micronutrients. The addition of Kompat™ to a spray tank improves pesticide applications by modifying the deposition and wetting characteristics of the spray solution and adjusting the pH of alkaline waters. Kompat™ can be used as an acidifier to lower the pH of spraying solutions to prevent alkaline hydrolysis of pesticide solutions sensitive to high pH. Kompat™ acts by chelating ions of hard water, which allows pesticides to work properly. Kompat™ will also enhance compatibility in some tank mixes where more than one agrochemical product is used.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Do not eat, drink or smoke while handling or using this product. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

IF ON SKIN: Wash with plenty of soap and warm water. If irritation persists, consult a physician.

IF IN EYES: In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists.

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth or do not induce vomiting.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Wear chemical safety goggles or safety glasses with side shields, gloves, and boots when handling and applying this product. Do not get in eyes or on clothing. Avoid contact with skin. Do not inhale dust or spray mist. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling and before eating, drinking or smoking.

NET CONTENTS:

□ 1 qt.
□ 1 Gallon
□ 2.5 Gallons
Kompat™
Compatibility Agent & Acidifier

DIRECTIONS FOR USE

NOT FOR AQUATIC USE
Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers can be in the area during application. For any requirements specific to State or tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS
Use this product only in accordance with this labeling. Follow requirements for the protection of agricultural workers on farms, forests, nurseries, greenhouses and handlers of agricultural pesticides. Follow requirements for training, decontamination, notification and emergency assistance. Follow instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted reentry intervals.

HANDLING AND STORAGE

Handling:
Do not get in eyes, on skin or on clothing. Keep container closed. Use good personal hygiene practices. Wash hands before eating, drinking, smoking. Remove contaminated clothing and clean before re-use.

Storage:
Store in tightly closed containers in cool, dry, well ventilated area away from heat, sources of ignition and incompatibles. Ground lines and equipment used during transfer to reduce the possibility of static spark-initiated fire. Store at ambient or lower temperature. Store out of direct sunlight. Keep containers tightly closed and upright when not in use. Protect against physical damage.

SHAKE WELL BEFORE USE. USE DILUTED SOLUTION IMMEDIATELY. DO NOT STORE DILUTED SOLUTION

Application Instructions: To prevent product degradation, do not use spray water with a pH lower than 4.0 or higher than 8.0. Use pH correctors for pH’s outside of these ranges. HAND HELD EQUIPMENT:
