PDF LABEL:

AgPro Systems
PhLAME™
Wetting Agent, Acidifier and Penetrant

Principle Functioning Agents:
Polyoxyethelene Fatty Acid Esters, Sulfuric Acid, Ammonium Nitrate 49%
Constituents Ineffective as Spray Adjuvants 51%
Total: 100%

DIRECTIONS: Can be applied with most spray programs and is designed to lower pH of any chemical spray solution. Mix in enough water to distribute evenly. Can be tank mixed with most liquid fertilizers and pesticides. ALWAYS CONDUCT A COMPATIBILITY TEST PRIOR TO MIXING ANY CHEMICAL

APPLICATION RATE: Apply at the rate of 12-31 fluid ounces per 100 gallons of spray solution. Some herbicides have stated adjuvant use rates. In all cases, the manufacturer’s label should be consulted regarding specific adjuvant use recommendations and that ratio followed. DO NOT ADD phLAME™ at a level that would exceed 1% of the finished spray volume.

DO NOT USE WITH CLEAN OR HARMONY. NOT FOR AQUATIC USE

Keep out of Reach of Children

WARNING

Corrosive, Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles or face shield) and chemical-resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

First Aid – If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Personal Protective Equipment (PPE) – Applicators and other handlers must wear: coveralls worn over long-sleeved shirt and long pants, chemical-resistant footwear plus socks, chemical-resistant gloves and protective eyewear (goggles or face shield).

Storage and Disposal: Store in original container only. Do not contaminate water, food, or feed by storage or disposal. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.agrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

Conditions of Sale: Manufacturer warrants that this material conforms to the chemical description herein and is fit for use as directed. Neither seller nor manufacturer shall be liable for any damages directly or consequentially arising from the use of AgPro Systems, Inc. products, therefore buyer acknowledges and assumes all risk from the storage, handling or use of this product.
