DANGER
KEEP OUT OF REACH OF CHILDREN

Flammable liquid and vapor. Causes skin irritation. Causes serious eye irritation.

Read label before use. Keep away from heat, sparks, open flames and hot surfaces. No Smoking. Keep container tightly closed. Keep only in original container. Ground/Bond container and receiving equipment. Use explosion-proof electrical, ventilating, lighting and equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Avoid breathing dust, fume, gas, mist, vapors or spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection and face protection.

NET CONTENTS:
1 U.S. Gallon (3.79 L)
PRINCIPAL FUNCTIONING AGENTS
Alcohol ethoxylate phosphate ester, isopropyl alcohol, dipropylene glycol monomethyl ether ........................................ 60%
Constituents ineffective as spray adjuvants ......................... 40%
TOTAL ...................................................................... 100%
All ingredients are exempt from tolerance under 40 CFR 180.

FIRST AID
Call a poison control center or doctor immediately for treatment advice.
Have the product container with you when calling a poison control center or
doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact
lenses if present and easy to do then continue rinsing for several minutes.

IF ON SKIN (HAIR OR CLOTHING): Remove or take off immediately all
contaminated clothing. Rinse skin with water or shower for several minutes.

IF SWALLOWED: Unless advised otherwise by a poison control center or
doctor, have person rinse mouth with water, if able. Do not give anything by
mouth to an unconscious person. Immediately call a poison control center or
doctor, or going for treatment.

IF INHALED: Inhale is treated by a physician or hospital.

GENERAL INFORMATION
Compatibility Agent is a compatibility agent designed to emulsify and disperse
liquid fertilizers and emulsifiable pesticides in a uniform spray solution.
Compatibility Agent adjusts the pH, moderately acidifies the solution and
increases the compatibility and stability of mixtures that may normally be
antagonistic when used simultaneously. Compatibility Agent disperses the
active ingredient quickly throughout the targeted surface.

DIRECTIONS FOR USE
NOT FOR AQUATIC USE
Follow the directions the most restrictive label of the tank mix partners.
Tank mixtures should only be applied within the label recommendations of
every product in the tank mixture.

NOTE: Consult pesticide manufacturer labels for the recommended use of
their product in liquid fertilizers.

Does NOT contain ammonium sulfate (AMS).

If the active ingredient label does not specify the use of a compatibility agent
follow the directions below. Use only if a compatibility agent is allowed or not
excluded on the label.

For optimum results, Compatibility Agent should be added to the fertilizer
solution BEFORE the addition of the required amount of pesticides.

Always agitate tank mix solutions thoroughly when adding the suggested use
rate as listed below. Agitate while adding the recommended amount of active
and continue agitation prior to spray application.

If the user does not have experience with the mixture being applied, perform a
jar test using the order and amounts in the mixture and perform a phytotoxicity
test to ensure crop safety.

Order of addition
In general, follow the W-A-L-E-S plan when adding herbicides to a tank mix.
Add Compatibility Agent to the tank mix as the FIRST ingredient.
1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add adjuvants such as anti-foaming compounds, buffers

STORAGE AND DISPOSAL
Storage: Store locked up. Store in well-ventilated place. Keep cool. Ground/Bond
container and receiving equipment. Use explosion-proof electrical,
ventilating, lighting and equipment. Use only non-sparking tools. Take
precautionary measures against static discharge. Keep in original container
tightly closed. Do not reuse empty container. Do not store with food, feed,
or other material to be used or consumed by humans or animals. Do not
contaminate water supplies. Do not store with materials labeled “Oxidizers” or
oxidizing agents. For optimal storage, store between 40° and 90° F.

Disposal: Do not contaminate water, food or feed by storage or disposal. Dispose
of contents in container to an approved waste disposal facility in accordance
with all local, regional, national and international regulations. Triple rinse
(or equivalent) adding rinse water to application tank. Offer container for
recycling or dispose of in a sanitary landfill or by other procedures approved
by local regulations. Recycling decontaminated containers is the best option
of container disposal if allowed by law. The Agricultural Container Recycling
Council (ACRC) operates the national recycling program. To contact your
state and local ACRC recycler visit the ACRC web page at www.acrcycle.org.
Decontaminated containers and materials must be disposed of in a manner
allowed by local, state and federal laws and regulations.

Conditions of Sale and Warranty Limitation: The Directions for Use of this
product reflect the opinion of experts based on field use and tests. The
directions are believed to be reliable and should be followed carefully.
However, it is impossible to eliminate all risks inherently associated with use
of this product. Crop injury, ineffectiveness or other unintended consequences
may result because of such factors as weather conditions, presence of other
materials, or use of the product in a manner inconsistent with its labeling, all
of which are beyond the control of West Central Distribution, LLC or the seller.
All such risks shall be assumed by the buyer. West Central Distribution, LLC
warrants that this product conforms to the chemical description on the label
and is reasonably fit for the purposes referred to in the Directions for Use,
subject to the inherent risks referred to above. West Central Distribution, LLC
makes no other express or implied warranty of fitness or merchantability or any
other express or implied warranty. In no case shall West Central Distribution,
LLC or the seller be liable for consequential, special or indirect damages
resulting from the use or handling of this product. West Central Distribution,
LLC and the seller offer this product, and the Buyer and the User accept it,
subject to the foregoing Conditions of Sale and Warranty, which may be varied
only by agreement in writing signed by a duly authorized representative of
West Central Distribution, LLC.
