Stop Bugging Me™ Bed Bug Spray is a naturally-derived ready-to-use insecticide that kills bed bugs by contact! Stop Bugging Me! Bed Bug Spray is a contact insecticide which provides quick knockdown, broad spectrum control, is safe to use around children and pets and offers a pleasant botanical scent.

Stop Bugging Me! Bed Bug Spray is formulated for use on mattresses, bedding, sofas, stuffed chairs, carpets, rugs, luggage and any detergent-safe upholstery. Most physicians recommend treating areas where bed bug concentrations are highest, such as bed frames and regularly used furniture.

CONTROLS: Bed Bugs

NOTE: Stop Bugging Me! Bed Bug Spray is safe for use on water-safe materials.

This product is exempt from registration with the Federal EPA under section 25(b) of FIFRA, and as such, is not registered with the Environmental Protection Agency. EcoClear Products, Inc. represents that this product and its ingredients qualify for exemption from registration under FIFRA.

DIRECTIONS: Shake well before using. Spray directly onto bed bug infested areas including bedding and carpets. Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Repeat if infestation occurs, but not more than once every two weeks. Allow fabric to thoroughly dry before using. Follow-up in same areas 1-2 weeks after application.

COVERAGE AREA: A 16-ounce bottle of Stop Bugging Me! Bed Bug Spray will treat approximately 9 queen-size mattresses or 285 sq. ft. (an area of 10 ft. x 28.5 ft.).

CAUTIONARY STATEMENTS: Do not get in the eyes or on the skin. May cause stings and/or burn some susceptible plants. Always test a small, inconspicuous area before full application. In the event of a medical or chemical emergency contact Chemtel, Inc., North America 1-800-255-3924 or Worldwide +01-813-246-0383.

STORAGE AND DISPOSAL: Store in a cool, dry area inaccessible to children or pets. Store and transport in an upright position. Refillable container; refill this container with only Stop Bugging Me! Bed Bug Spray. Disposal if empty: place in trash or offer for recycling if available.

FIRST AID: If on skin, wash with soap and water. Have the product container or label with you when calling a poison control center or doctor for treatment. If swallowed, call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
