The Protec Cleaning Ball features a patented antimicrobial, Aquantat™, that helps keep your humidifier cleaner, longer. Simply drop in the tank for fresh, clean mist!

**Why use a Protec Cleaning Ball?**

- Offers continuous protection against slimy buildup in the humidifier
- Contains no harmful chemicals
- Keeps cleaning for 30 days

Reduces up to 99% of odor causing bacteria, unsightly mold and algae growth versus untreated humidifier surfaces.

**Directions:**

1. Drop one (1) Protec Cleaning Ball into the humidifier tank. Use one ball for up to two (2) gallons of water.
2. Fill tank with fresh water.
3. Operate humidifier according to the manufacturer’s directions and replace the Protec Cleaning Ball after 30 days of use.

See insert for complete directions for use, storage and disposal guidelines.
